FORM – 214S
Rev. 01/09 /07

VEHICLE INFORMATION / TEST SPECIFICATIONS

FMVSS No. 214S "Static"

1. State whether vehicle was certified with or without seats.

2. If the vehicle was certified with seats, give the position of the seats at time of testing.

3. Provide a description of the procedure used to locate the loading device. Provide a graphic / photograph which clearly shows the relative placement of the loading device for each door being tested.
