Attention: VIN Coordinator, NRM-11, Rm. 5307

Dear Sir:

As per your requirements, please find below our 17 digit VIN scheme which we will be using in the manufacturing of our trailers.

The sample VIN is 1R9US1216JP136001.

The following is an explanation of what each digit means.

1. Digit 1R9 was assigned by SAE for our WMI identifier.
2. Digit U stands for utility trailer.
3. Digit S stands for Standard Series body type.
4. Digit 12 stands for actual length of trailer in feet.
5. Digit 1 stands for number of axles, 1=Single.
6. Digit 6 stands for check digit.
7. Digit J stands for Model year.
8. Digit P stands for plant location which there is only one located in Pella.
9. Digits 136 were assigned by SAE as we manufacture less than 500 units a year.
10. Digits 001 stands for sequential production number.

If you need to contact us for any corrections to the above VIN number, we can be reached at phone number 515-628-2529.

Sincerely,

Gerald L Roose
