RE: 49 CFR Part 566, Manufacturer Identification

Owner of the Company: Nathan Roberts

City of Incorporation: Columbus

Product Manufactured:

We are a final manufacturer of boom trucks. The chassis's are purchased by the end user and we purchase a crane, manufactured by either HIAB or Auto Crane, and install that piece of equipment onto the existing Chassis. The bed of the truck is completely manufactured by Fisk Tank Carrier and the materials are purchased from either Alro Steel or Liebovich Steel. We also install tool boxes that are manufactured by RKI onto the bed of the truck.

GVWR: The gross vehicle weight ratings (GVWR) of our products range from 15,000 lb to 25,900 lb.
