National Highway Traffic Safety Administration
400 7th St. S.W.
Washington DC 20590
Attn: Kane Rutland - VIN Coordinator

2895

Dear Sir:

Enclosed please find a sample of our proposed VIN number for our 3 models of trailers.

If there are any questions about the information necessary to decipher the characters of the VIN, please contact me.

We have visited with Mr. Rutland over the telephone about VIN information.

We are planning to start building flatbed, utility & livestock trailers under the name of D & K Trailer Mfg. in the near future.
