Dear Sir or Madam:

Enclosed please find the vehicle identification number system (VIN#) which will be utilized by DTS, Inc. of Harrington, DE:

SECTION I (Digits 1,2,3) = 1D9 unique identifier as assigned by ASE.

SECTION II (Digits 4,5,6,7,8)
Digit 4 = U for utility trailer.
Digit 5 = A,B,C or D for model number.
Digits 6,7 = Length of trailer.
Digit 8 = Number of axles.

SECTION III (Digit 9) = Check digit number as determined by computation tables.

SECTION IV (Digits 10 thru 17)
Digit 10 = Model year.
Digit 11 = Plant location.
Digits 12,13,14 = Unique identifier as assigned by ASE.
Digits 15,16,17 = Sequentially assigned production number.

Please contact us promptly, if our system is in error, otherwise we will assume we are in line with the specifications as outlined in Part 565.4.

Thank you:

JOHN F. CONLIN
GENERAL MANAGER
