RE: 49 CFR Part 566, Manufacturer Identification (Final Stage)

Owner of Company: Larry Persinger

City of Incorporation: Jamestown, Ohio

Product Manufactured: Installation of aftermarket steel and aluminum truck beds for pickup trucks. Truck bed manufacturers will vary but the installation will be consistent. The majority of these beds will have hitches that will be used to pull trailers in the agriculture business as well as the construction business.

GVWR: The vehicles that we will be installing the truck beds on should not exceed 26,000 GVWR.
