To whom it may concern:

On October 11, 2010, T&G Sales L.L.C. mailed out a Submission of Manufacturer Identification application to NHTSA at the above address. I also sent a fax (since I was unfortunately unable to locate a telephone number) asking for a call back about the status on that application. Since that time, I have noticed that the GVWR was accidentally typed as 4,000 lbs -- 33,000 lbs instead of the correct GVWR which is in fact 4,000 lbs -- 80,000 lbs.

I was informed that it was easier to resubmit the application, instead of correcting the last one. Since I have not had a reply to the fax I sent, and I need to make the above correction I am submitting the revised application by mail today 10-21-2010 and will include a copy of this fax with the application, as well as NTEA certification that was left out originally. (I don't know if it is required, but felt it could be helpful.)

If you need to contact us about this matter we can be reached at Business phone: ***(304) 898-2006***; by fax -- our fax number is ***(304) 898-6320***; or by e-mail at ***quote@tgsales.com***. You may ask for ***Trish Ford/Bookkeeping***, or if I am not available when you call, you can ask for ***Tony Atwell (owner)***.

Sincerely,

Patricia Ford
