Project Title: Material Properties and Tolerance Criteria for Brain Tissue

Project Manager: Erik Takhounts

Description: Measure material properties of brain anatomical structures and find strain and strain rate based functional tolerance criteria.

Project Initiation Date: Sep-08

CloseDate: Sep-2012

Contract Number: DTNH22-08-C-00088

Project Awarded To: Columbia University

Total Contract Cost: \$295,000.00

Date Added: 8/13/2007
