

# ANNUAL GRANT APPLICATION ARKANSAS FY 2026

## Table of Contents

Sections	Page #
<b>Section 1 – Updates for Triennial HSP</b>	
1.1 Executive Overview / Summary	3
1.2 National Priority Safety Program Incentive Grants	8
1.3 Updated Estimated 3-Year Funding Allocation by Planned Activity	9
1.4 Updates to Triennial HSP:	
1.4.a Adjustments to Countermeasure Strategy for Program Funding	10
1.4.b Additional Performance Measures	12
<b>Section 2 – Project and Subrecipient Information</b>	
2.1 Occupant Protection	13
2.2 Impaired Driving	19
2.3 Speed	28
2.4 Distracted Driving	30
2.5 Motorcycle Safety	34
2.6 Young Driver Safety	36
2.7 Pedestrian/Bicycle Safety	42
2.8 Traffic Records	49
2.9 Roadway Safety	53
2.10 Planning and Administration	55
<b>Section 3 – Section 405 Grant Application Attachments</b>	
3.1 405(b) Occupant Protection Plan	56
3.2 405(c) State Traffic Safety Information System Improvements	62
3.3 405(d) Impaired Driving Plan ( <i>Previously Submitted</i> )	85
3.4 405(e) Distracted Driving Sample Questions	99
3.5 405(f) Motorcycle Safety Grant	100
3.6 405(h) Preventing Roadside Deaths Grant	105
<b>Section 4 – Reference Charts and Information</b>	
4.1 STEP Agencies	108
4.2 Mini-STEP Agencies	109
4.3 Equipment over \$10,000	110

## Section 1.1 – Executive Summary / Overview

The Arkansas Highway Safety Office (AHSO) continues to modify and fine-tune our 2024-2026 THSP with an emphasis on programs and strategies that will better address our performance targets if it appears these targets are not on track to be met.

The Arkansas FY 2026 Annual Grant Application indicates where the state is not making the necessary progress to meet the goals outlined in our 2024-2026 THSP and plans for adjusting current programming and implementing new projects that will better address identified issues and the corresponding performance targets.

As shown in the charts that follow, it appears that some of the benchmarks established in the FY 24-26 Triennial HSP will not be met for FY26. It should be noted that these targets were based on the five-year average (2018-2022) utilizing the FARS data available at that time. These 5-year averages included the uptick in fatalities attributed to the COVID pandemic for the years 2020-2022. The higher numbers for these years skew the averages. As those years drop off the averages should reflect a more realistic view of programming success.

Reduced enforcement levels due to a shortage of law enforcement (LE) officers in combination with the continuing increase in the number of LE agencies utilizing eCrash also remains a factor. The increase in the number of agencies submitting crash reports through eCrash improves the overall accuracy of reporting but also increases the numbers reported in each area in contrast to the previous years.

Performance Measure:	Average Benchmark Value for 2022-23	2022-23 Benchmark Progress Results	On Track to Meet Benchmark:
C-1) Total Traffic Fatalities	604	616.5	No
C-2) Serious Injuries in Traffic Crashes	2779	2770	Yes
C-3) Fatalities/VMT	1.677	1.659	Yes
C-4) Unrestrained Passenger Vehicle Occupant Fatalities, All Seat Positions	188	174	Yes
C-5) Alcohol-Impaired Driving Fatalities	157.5	153.5	Yes
C-6) Speeding-Related Fatalities	138	130	Yes
C-7) Motorcyclist Fatalities	78.5	93	No
C-8) Unhelmeted Motorcyclist Fatalities	44	56.5	No
C-9) Drivers Age 20 or Younger Involved in Fatal Crashes	69.5	76	No
C-10) Pedestrian Fatalities	68	76	No
C-11) Bicyclist Fatalities	5.5	8.5	No
C-12) Distracted Driving Fatalities	23	23.5	No
C-13) Roadside Fatalities	26.5	29	No
	2021	2024	
B-1) Observed Seat Belt Use for Passenger Vehicles, Front Seat Outboard Occupants (State Survey)	79.5	77.7	No

The addition of the new AHSO LEL and resulting increase in outreach efforts to law enforcement agencies has generated more interest and increased the number of law enforcement agencies participating in the AHSO STEP and Mini-STEP projects. Lunch and Learn's are back on track for FY26 to provide information and education

## **Section 1.1 – Executive Summary / Overview**

for the agencies and officers that work these projects to assist with questions, problems and enforcement strategies.

The AHSO is addressing all targets that were not met last year through continued expansion of our STEP and mini-STEP programs and increasing the number of agencies utilizing eCrash. One hundred (100) active agencies participated in STEP and mini-STEP projects for 2025. Currently, 145 agencies are registered to participate in FY26 STEP and Mini STEP programs. Enforcement efforts conducted by these agencies are expected to be even more effective thanks to the “data dashboards” they can now access to analyze the crashes in their areas to coordinate enforcement efforts and target high crash areas.

Programming for some strategies has been expanded or modified, and new projects are being implemented based on current data and community/stakeholder input. Projects that were scheduled to be implemented in FY25 but delayed due to circumstances beyond our control are now on track to be implemented in FY26.

The Arkansas Highway Safety Office will issue sub-grants to approximately 180 agencies and courts statewide to address Highway Safety issues in FY26. The AHSO continues to partner with the ARDOT/SHSP Planning Group and others to incorporate the Safe System Approach and coordinate planning efforts.

## Section 1.1 – Executive Summary / Overview

		BASE YEARS						
GHSA/NHTSA PERFORMANCE PLAN CHART FY26 Annual Grant Application Target Status		2019	2020	2021	2022	2023	On Track to make FY26 Goals (Y/N)	
C-1	Traffic Fatalities	FARS Annual 5-Year Rolling Avg.	<b>511</b>	<b>651</b>	<b>692</b>	<b>637</b>	<b>596</b>

Revised 7/31/25

## Section 1.4 – Updates to Triennial HSP

### 1.4.a - Adjustments to Countermeasure Strategy for Program Funding

For FY26, all countermeasure strategies outlined in the 2024–2026 Triennial Highway Safety Plan (HSP) will be continued. The countermeasures listed below have been added.

In the FY25 Annual Grant Application, the countermeasure strategy for the “RideShare” project was incorrectly listed as JOL Liaison and should have instead been listed as Alternative Transportation. The countermeasure Alternative Transportation has been added to the FY24-26 Triennial Highway Safety Plan (THSP) and the countermeasure for the “RideShare” project corrected for FY26.

Countermeasure Strategy – Table 38					
Countermeasure Strategy	Alternative Transportation				
Problem (link to strategy)	Alternative transportation programs, such as rideshare services, have been shown to reduce incidents of impaired driving. Research indicates that the introduction of services like Lyft and Uber into the market is associated with increased ride volumes and a corresponding decline in DUI incidents. In fact, 65% of riders report using these services specifically when they anticipate consuming alcohol or other substances that could impair their ability to drive.				
Countermeasure Justification	Alcohol and Drug Impaired Driving – CTW Alternative Transportation ***				
Target (link to strategy)	C-5 Alcohol-Impaired driving fatalities				
Estimated 3-year funding allocation	\$100,000				
Strategy to project considerations	The rationale for this countermeasure strategy is to provide alternative ride services to decrease the incidents of driving while impaired.				
Planned Activities	<table><thead><tr><th>Unique Identifier:</th><th>Planned Activity Names:</th></tr></thead><tbody><tr><td>AL-2026-19</td><td>RideShare</td></tr></tbody></table>	Unique Identifier:	Planned Activity Names:	AL-2026-19	RideShare
Unique Identifier:	Planned Activity Names:				
AL-2026-19	RideShare				

The Countermeasure Strategy name “School Programs” (FY24-26 THSP Table 16) will be changed to “Teen Driver Education Programs”

A Peer-to-Peer countermeasure justification will be added to the countermeasure strategy “Teen Driver Education Program”. The new programming being added to use this countermeasure strategy is the “Safety Ambassador” projects. These initiatives aim to leverage youth engagement to encourage the adoption of safe driving behaviors—both among the students delivering the intervention and those receiving it. According to the NHTSA publication Peer-to-Peer Teen Traffic Safety Program Guide, teens who consistently participate in positive, peer-driven initiatives are less likely to engage in risky behaviors (Benton, as cited in Varenhorst, 2004). In these interventions, both participants and recipients benefit from the positive influence.

The AHSO will also be including the countermeasure justification of Pre-Licensure Driver Education through the new “Safe Roads Ahead” driver training project. This initiative will provide first-time drivers with a structured educational experience, including 30 hours of classroom instruction and 8 hours of individualized behind-the-wheel training.

Driver education has long been promoted as an effective method for teaching both vehicle operation and safe driving practices. In a study by Shell et al. (2015), teens who completed a formal driver education program experienced significantly fewer crashes, including injury and fatal

## Section 1.4 – Updates to Triennial HSP

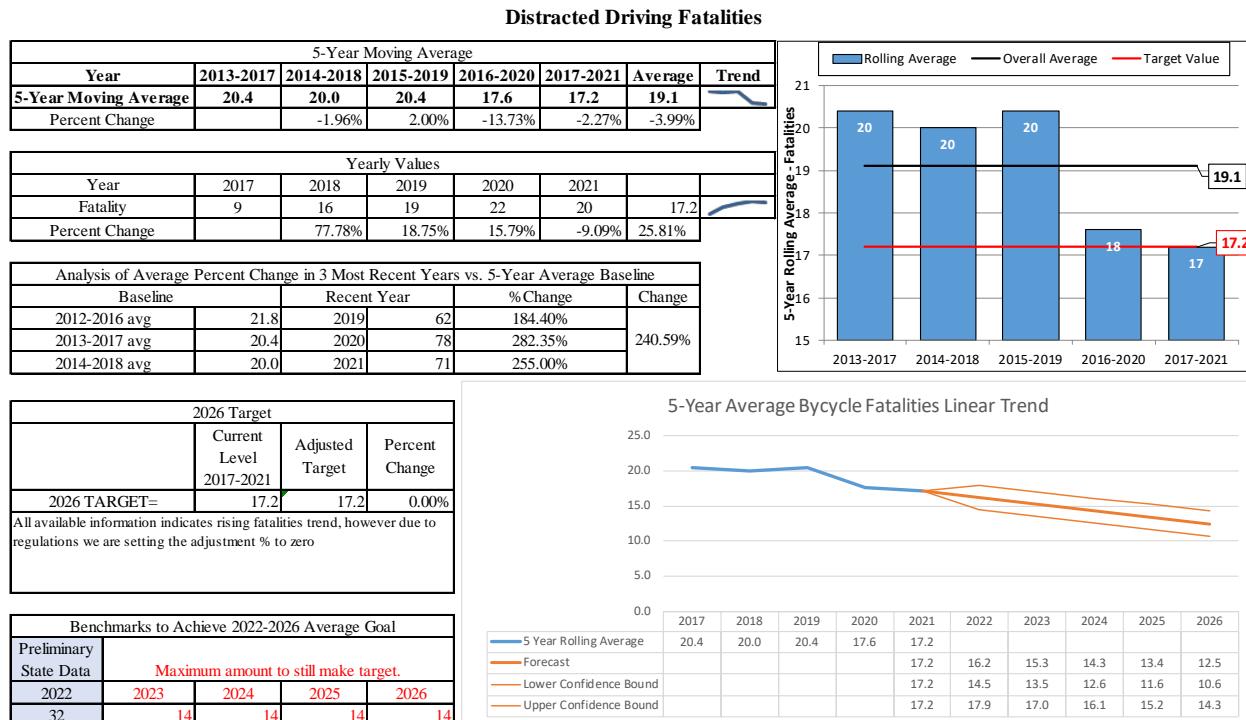

crashes, fewer violations, and fewer alcohol-related offenses compared to peers who only completed a supervised driving log.

<b>Countermeasure Strategy – Table 16</b>		
<b>Countermeasure Strategy</b>	<b>Teen Driver Education Programs</b>	
Problem (link to strategy)	<p>Arkansas recorded 695 (FARS) fatalities in 2021. In 2022 preliminary state data shows this number decreased to 644. With a Safety Belt compliance rate in FY22 of 79.1%, Arkansas' use rate is well below the national average of 91.6% and is considered a “low rate” state for Section 405b funding qualification.</p> <p>In 2021, 76 drivers under the age of 21 were victims of fatal crashes in Arkansas. Motor vehicles crashes are the #1 cause of unintentional injury and death among teenagers (NHTSA). The goal for this countermeasure is to reduce total fatalities and injuries to those under age 21. The upward trend in fatalities for this age group from 48 (2017) to 78 (2020) and 76 (2021) together with factors such as the increase in the interstate speed limit and distracted driving occurrences are concerning.</p>	
Countermeasure Justification	<p>Young Drivers CTW – 1.1 GDL *****</p> <p>Young Drivers CTW – 1.2 Learner’s Permit Length/ Supervised Hours*****</p> <p>Young Drivers CTW – 1.3 Nighttime Restrictions *****</p> <p>Young Drivers CTW – 1.4 Passenger Restrictions *****</p> <p>Young Drivers CTW – 1.5 Cellphone Restrictions **</p> <p>Young Drivers CTW – 1.6 Belt Use Requirements **</p> <p>Young Drivers CTW – 3.1 Parent Roles in Teaching Young Drivers**</p> <p>Young Drivers CTW – Pre-Licensure Driver Education</p> <p>Peer to Peer Countermeasure developed by AHSO from NHTSA’s “Peer to Peer Teen Traffic Safety Guide”</p>	
Target (link to strategy)	C-9 Drivers 20 and under that are involved in fatal crashes	
Estimated 3-year funding allocation	\$1,103,375	
Strategy to project considerations	<p>Schools provide well-defined and somewhat controlled audiences for seat belt use programs. Evaluations of school programs that have been conducted have shown an increase in belt use. Peers will receive training to effectively understand and communicate highway safety issues among their fellow students. They will also be equipped with educational materials to support peer-led learning initiatives. Additionally, teens in underserved communities will be offered access to driver education from licensed instructors—opportunities that might otherwise be unavailable to them.</p> <p>According to the NHTSA publication Peer-to-Peer Teen Traffic Safety Program Guide, teens who consistently participate in positive, peer-driven initiatives are less likely to engage in risky behaviors (Benton, as cited in Varenhorst, 2004). In these interventions, both participants and recipients benefited from the positive influence.</p>	
Planned Activities	<b>Unique Identifier:</b>	<b>Planned Activity Names:</b>
	OP-2026-11	Teen Driver Safety Project
	TSP-2026-01	Safe Roads Ahead
	DD-2026-05	Safety Ambassador
	PS-2026-09	Safety Ambassador Project

### 1.4.b - Additional Performance Measures

#### Adding Distracted Driving Fatalities Performance Measure

#### Adding Roadside Fatalities Performance Measure

## Section 2.1 – Occupant Protection

<b>Project name and description</b>	Local Selective Traffic Enforcement Projects (STEPs)	
	City, County and Statewide LE agencies will conduct sustained selective traffic enforcement throughout the year with emphasis on seat belt and child restraint violations. Child safety seat clinics, checkpoints, and inspection stations may supplement enforcement. Projects will participate in CIOT HVE mobilizations. Public Information and Education (PI&E) activities will be conducted to support the objectives of this project (See pg. 108).	
<b>Project agreement number</b>	OP-2026-02-02-00 thru TBD (see NHTSA GTS)	
<b>Subrecipient(s)</b>	Local STEP Agencies see Section 4.1	
<b>Organization type</b>	Law Enforcement	
<b>Amount of Federal funds</b>	<b>Funding Source ID:</b>	<b>Est. Funding Amount</b>

## Section 2.1 – Occupant Protection

<b>Project name and description</b>	Mini Selective Traffic Enforcement Projects (M-STEPs)	
	City and county law enforcement agencies participating as mini-STEPs will conduct selective traffic enforcement focused on seat belt and child restraint violations for CIOT HVE mobilizations. Public Information and Education (PI&E) activities will be conducted to support the objectives of this project (See pg. 109).	
<b>Project agreement number</b>	OP-2026-04-04-00 thru TBD (see NHTSA GTS)	
<b>Subrecipient(s)</b>	Local Mini-STEP Agencies see Section 4.2	
<b>Organization type</b>	Law Enforcement	
<b>Amount of Federal funds</b>	<b>Funding Source ID:</b>	<b>Est. Funding Amount</b>

<b>The countermeasure strategy or strategies for programming funds</b>	Short-term, High Visibility Seat Belt Law Enforcement	

<b>Project name and description</b>	Statewide Public Information and Education (PI&E)	
	Statewide public information and education to promote occupant protection and particularly focus on the national CIOT enforcement mobilizations. This task will provide for statewide public information and education to promote occupant protection and will particularly focus on national Click It or Ticket enforcement mobilizations surrounding the Memorial Day and Thanksgiving holidays targeting messages to young persons aged 18 - 34. This task will also emphasize the child restraint law, the dangers of leaving unattended children in a vehicle, and Graduated Licensing laws. Components of this task may include, but are not limited to, educational materials such as brochures, posters, public service announcements and (PSAs). This task will provide funds to secure the services of a qualified full-service advertising agency to create and develop a traffic safety public information campaign. The advertising agency will develop the methodology to document and report audience reach. This task will also aid with PI&E efforts in specific community projects such as selective traffic enforcement projects (STEPs), and with diversity outreach and press events. Federal funding may provide for PSA creation and production, PI&E materials creation and production, educational items, and meeting and press event expenses. This task will also provide for the placement of traffic safety messages relating to occupant protection public information campaigns in the media. Media placements may include television, radio, cinema, internet, and print. At a minimum, an assessment to measure audience exposure will be documented and included in the cost of media placements. Public awareness surveys will be conducted to track driver attitudes and awareness of enforcement and communication activities and driving behavior. Federal funds will be allocated for the paid media.

## Section 2.1 – Occupant Protection

<b>Project name and description</b>	Arkansas Rural Traffic Safety (ARTS) (OP) (High Five)	
The Arkansas Rural Traffic Safety (ARTS) Project is a new initiative aimed at enhancing road safety in rural areas of Arkansas. Modeled after the successful "High Five Project," the ARTS Project seeks to address the high rates of fatal and severe injuries on rural roads by increasing seat belt use and promoting safe driving practices. This proposal outlines the objectives, target counties, and implementation plan for the ARTS Project.		
<b>Federal funding sources(s)</b>	BIL NHTSA 402	
<b>Project agreement number</b>	OP-2026-10-10-01 thru 05

## Section 2.2 – Impaired Driving

<b>Project name and description</b>	Alcohol and Other Drug Countermeasures Program Management  Funding provides program management/administration for projects in the Alcohol and Other Drugs area. It will also provide training and support to effectively address Arkansas' Impaired Driving problems.  It will provide materials essential for program development and management and cover OP personnel, travel, and operational costs. It will also include funding for the continued development of the AHSO eGrant System for the electronic submission of proposals by subcontractors, development of contract agreements and other forms related to planning, programming, monitoring and evaluating projects

## Section 2.2 – Impaired Driving

<b>Project name and description</b>	RideShare Program  RideShare Programs are associated with decreasing impaired driving incidents. Research shows that when programs like Lyft and Uber enter a market, ride volumes increase, and DUI incidents decrease. 65% of riders use these services to find a rideshare driver when they are planning to drink alcohol or use another substance that could impair driving ability.  Since 2018, GHSA and Lyft have partnered with State Highway Safety Offices (SHSOs) to encourage the use of ride-hailing services as a safe alternative to driving after consuming alcohol or other drugs during the November-December holiday period.	
<b>Project agreement number</b>	AL-2026-19-19-01

<b>Project name and description</b>	NEW - Teen Distracted Driving - Jr. Safety Ambassador Training Conferences	
	Families Against Distractive Driving (F.A.D.D.) is a nonprofit organization dedicated to educating drivers about the dangers of distracted driving by raising awareness and promoting safe driving habits through education, enforcement, legislation, and personal responsibility.	
	F.A.D.D., in partnership with Jr. Ambassador Lily Grace Overholser, will host six Jr. Ambassador Training Conferences across Arkansas in Magnolia, Hot Springs, Little Rock, Jonesboro, Mountain Home, and Fayetteville. High school students and advisors from across the state will be selected to attend these conferences and become F.A.D.D. Jr. Ambassadors. Educational sessions will focus on topics such as the dangers of distracted driving, distracted driving laws, and the Graduated Driver Licensing (GDL) program. Presenters will include F.A.D.D. staff, local law enforcement, emergency responders, Arkansas Highway Safety representatives, State Farm agents, and guest speakers. The goal is to equip students with the knowledge and leadership skills needed to lead safety efforts on their school campuses and in their communities, ultimately helping to prevent crashes and save lives.

## Section 2.4 – Distracted Driving

<b>Project name and description</b>	NEW - Youth Leadership Symposiums  Purpose Driven Paths is a statewide youth prevention and leadership initiative that combines two key programs: “Building Youth with Purpose” for middle and high school level students and “Circle of Hope” Leadership Symposiums for college-level students. The initiative is driven by a commitment to reduce roadway fatalities, increase seat belt usage and to decrease distracted driving among Arkansas youth and young adults, especially in counties with high rates of roadway crash and fatalities.  Anchored in the personal story of Olivia DaVinci Vaughn Perez, who tragically lost her life on I 530 in 2016 due to a distracted driver, this program uses trauma-informed prevention, leadership development, and peer engagement to change the narrative around youth and roadway safety. Through storytelling, community-based education, and targeted outreach, Purpose Driven Paths aims to equip Arkansas youth and young adults with the knowledge, motivation, and purpose to drive responsibly and lead their peers.

## Section 2.6 – Young Driver Safety

<b>Project name and description</b>	<p>NEW - Teen Driver Safety Project - Safe Roads Ahead</p> <p>Arkansas continues to rank among the highest in motor vehicle fatality rates nationwide, with youth aged 15–20 disproportionately impacted. To address this urgent public safety issue, Big Brothers Big Sisters of Central Arkansas (BBBSCA) is launching a comprehensive driver education program to target underserved youth in Central and Southeast Arkansas.</p> <p>The Safe Roads Ahead – Equipping Arkansas Youth With Lifesaving Driver Education initiative will provide first-time drivers with structured driver education experience, including 30 hours of classroom instruction and 8 hours of personalized behind-the-wheel training, in partnership with Thompson Driving School. The program will emphasize safe driving behaviors, risk awareness, and legal responsibilities while addressing critical gaps in seatbelt usage, distracted driving, impaired driving and GDL Education.</p> <p>BBBSCA will lead outreach efforts to recruit participants especially from rural, low-income families and eliminate barriers through transportation vouchers and licensing fee assistance. Parents and guardians will be actively engaged throughout to help reinforce safe driving habits at home.</p> <p>Delivered in four phases, the program will culminate with students obtaining a valid Arkansas Driver's License and equipped with the skills, confidence, and awareness needed to become safe, responsible drivers in their communities.</p>

## Section 2.6 – Young Driver Safety

<b>Project name and description</b>	NEW - Teen Driver Safety – Drive Aware	
	<p>The Teen Driver Safety Program – Drive Aware Project will focus on reducing motor vehicle crashes, fatalities, and injuries among high-risk populations particularly teens and young adults in eight priority counties across Arkansas.</p> <p>This project aims to combat three major traffic safety concerns: Primarily the rising number of pedestrian and bicyclist fatalities and other traffic safety issues such as low seat belt usage, and distracted driving. Through targeted school and college-based education programs, parental engagement, and culturally responsive outreach, this initiative will increase awareness about vulnerable road users, promote safer driving behaviors, and support state and national efforts to reduce roadway fatalities. Programming will include interactive presentations, awareness campaigns, and partnerships with schools and communities to ensure long-term impact.</p>

## Section 2.6 – Young Driver Safety

<b>Project name and description</b>	<p><b>New</b> - Pilot Teen Safety Project - In Their Shoes</p> <p>Develop and pilot <b><i>In Their Shoes</i></b>, an innovative safety education outreach program that uses immersive Virtual Reality (VR) simulations to reduce risky behaviors among youth and young adults. This program focuses on comprehensive traffic safety education for high school teens. The program targets key safety concerns, including distracted driving, impaired driving, speeding, seatbelt use, and pedestrian and bicycle safety.</p> <p>Grounded in an experiential learning framework, <b><i>In Their Shoes</i></b> is designed to foster self-awareness, empathy, and lasting behavior change. By placing learners in realistic, scenario-based simulations, the program promotes a deeper understanding of safety risks and empowers students to make informed, responsible decisions.</p> <p>The program will be modular and scalable, supported by digital toolkits, a train-the-trainer implementation model, and outcome-based evaluation strategies. The name <b><i>In Their Shoes</i></b> reflects the program's core philosophy: learning safety lessons by figuratively stepping into someone else's experience to cultivate empathy and insight through immersive education.</p> <p><b>Program Goals</b></p> <ol style="list-style-type: none"> <li>1. Reduce risky behaviors through education and simulation.</li> <li>2. Build sustainable safety habits in young people.</li> <li>3. Generate measurable, positive changes in knowledge, attitudes, and behaviors.</li> <li>4. Create a replicable model adaptable for schools, colleges, and community partners</li> </ol>

## Section 2.6 – Young Driver Safety

<b>Project name and description</b>	Teen Driving ROADEo  This project will integrate intentional mentoring with hands-on highway safety education to serve at-risk, underserved youth and their families. Participants engaging in Teen Driving “ROADEo” interactive community events will experience mentorship along with education for teens and parents on key traffic safety laws including the Graduated Driver License (GDL) law, primary seat belt law, and cell phone restrictions.  The “ROADEo” will feature hands-on vehicle safety training including seat belt use, impaired and distracted driving awareness, and sessions on bicycle, pedestrian, and railroad safety. By focusing on parent-teen communication and mentor engagement, the project strives to build lasting relationships and reinforce safe driving behaviors. The program strengthens parent-teen communication and uses trained mentors and mentees to reinforce safe decision-making behind the wheel. Pre and post event evaluations will be conducted to measure increases in traffic safety knowledge and awareness. The project will target counties based on data, current requests, and AHSO traffic safety goals to reduce teen-related crashes and promote safe, informed driving practices statewide.

## Section 2.6 – Young Driver Safety

<b>Project name and description</b>	<p>B.R.A.K.E.S. Program for Teens</p> <p>To prevent injuries and save lives by training and educating teenage drivers and their parents about the importance of safe and responsible driving. While conventional driver's education is important and valuable, the B.R.A.K.E.S. Teen Pro-Active Driving School curriculum goes well beyond that level of training, addressing common driving situations responsible for many traffic crashes involving teens.</p> <p>Driving exercises include: Distracted Driving Awareness, Panic Braking, Crash Avoidance, Car Control/Skid Recovery, Drop-wheel/Off-road Recovery. Other elements include proper seat and mirror placement, proper use of seatbelts, eye scanning, Big Rig Safety, What to do during a Traffic Stop and more.</p> <p>B.R.A.K.E.S. instructors come from various backgrounds, but all have extensive experience in advanced driver training and defensive driving instruction. They include current and former members of law enforcement, professional racing drivers, and even some drivers who perform stunts in movies. In addition to their previous experience, B.R.A.K.E.S. conducts its own rigorous course for instructors to ensure consistent and safe delivery of our proven curriculum. <i>*Tentatively Pulaski and Washington counties</i></p>

## Section 2.7 – Pedestrian / Bicycle Safety

<b>Project name and description</b>	Pedestrian/Bicycle Safety Project	
Data indicates the majority of teen/young adult bike/ped injuries occur in urban settings and on college campuses. Arkansas Children's Hospital (ACH) will implement a Pedestrian/Bicycle safety project which will employ activities in schools and colleges of selected counties to provide education and awareness on pedestrian and bicyclist safety issues. ACH/IPC will include Safe Routes to school for young children and research the bicycle and pedestrian issue and look at evidence-based bike/ped programs in other states to develop a program for Arkansas.

<b>Project name and description</b>	Vulnerable Road User (VRU) Summit	
Vulnerable road users (VRUs) include pedestrians, cyclists, and motorcyclists, all of whom lack the basic safety protections provided to vehicle occupants by automobiles. Fatality rates for VRUs remain unacceptably high. To meaningfully improve roadway safety for VRUs, it is important to understand the safety problems and domains with the highest potential for improvement based on the factors that contribute to crashes and the factors that can be mitigated by behavioral change. The VRU Safety Summits will focus on the "5 Es" (Education, Equity, Engineering, Enforcement, and Evaluation) and their relevance to vulnerable road users such as pedestrians, cyclists to provide provided valuable insights, strategies, and networking opportunities for improving the safety and inclusivity of Arkansas's transportation infrastructure and behavior surrounding vulnerable road users.

<b>Project name and description</b>	Asphalt Art  Pedestrian fatalities in the U.S. have surged to 40-year highs, Federal guidelines now include asphalt art projects as part of a roadway design tool kit that can be used on city streets. Cities can unlock their creative potential and roll out streets that engage the eye and work better. In 2019 Bloomberg Philanthropies launched the Asphalt Art Initiative (AAI) with grants to 90 projects in cities across the United States. Bloomberg partnered with Sam Schwartz Consulting and Street Plans to produce a study of 17 past arts-driven projects and five AAI projects. The study found a 50 percent reduction in crashes involving pedestrians and cyclists and a 27 percent increase in drivers yielding to pedestrians with the right of way.  In AHSO PP&E efforts, Pulaski and Jefferson county HBCUs have an interest in implementing Asphalt Art projects. Activities funded for this project will include publicity and media (news articles, PSAs, events) highlighting citizen and student involvement to address pedestrian and bicyclist safety issues. Funding may also provide for Project Coordinators to oversee project activities. The AHSO will partner with ARDOT and FHWA to ensure compliance with MUTCD policies. Additional funding will be explored through ARDOT, FHWA, the Arkansas Art Center and individual HBCU art departments for relevant project components. <a href="http://www.trafficsafetymarketing.gov">www.trafficsafetymarketing.gov</a> will be utilized for materials to assist with outreach and publicity.

## Section 2.7 – Pedestrian / Bicycle Safety

<b>Project name and description</b>	NEW - Safety Ambassador Project  The Safety Ambassador Project program will recruit, train, and support student leaders at selected Arkansas colleges and universities to become “Safety Ambassadors.” Ambassadors will be empowered to promote “best” practices in traffic and pedestrian safety, to address challenges such as speeding, distracted and impaired driving as it relates to pedestrian and bicycle safety, and inadequate crosswalk infrastructure to correspond with the AHSO Drive Aware, Walk Aware, Bike Aware Program. Participants will complete a comprehensive traffic safety training curriculum and engage in a variety of activities including quarterly safety audits, peer-led workshops, and awareness events. The program will foster community engagement through partnerships with campus police, student affairs, and local organizations, and amplify its message through educational materials and social media campaigns. Ambassadors will receive ongoing mentorship and participate in leadership development sessions. Progress will be evaluated through pre and post program surveys. By fostering collaboration, developing leadership skills, and promoting a culture of safety, the program seeks to reduce traffic-related injuries and fatalities on and around college campuses, while preparing students to be lifelong advocates for public health and safety.  Targets will include Arkansas Baptist College (ABC), Philander Smith University (PSU), Shorter College (Shorter), University of Arkansas at Pine Bluff (UAPB), University of Arkansas Fayetteville (U of A) , Arkansas State University (ASU), University of Central Arkansas (UCA) and other campuses approved by the AHSO.

<b>Project name and description</b>	Traffic Records Professional Development and Crash Reconstruction	
	Provides training and development for other highway safety professionals for traffic records. Provides specified training and equipment for nine (9) law enforcement professionals to conduct crash investigations and reconstruction training courses and to provide equipment including a Trimble X9 3D Laser Scanning System costing approximately \$79,000 and supplies for crash reconstruction activities statewide to improve the quality of the data in the crash report. The Crash Reconstruction Team provides high quality crash reports for all fatal motor vehicle crashes in the state of Arkansas resulting in improved accuracy and completeness of fatal crash data. The Trimble 3D Laser Scanner is a software and hardware system that images a crash site to create a 2D or 3D image of the crash site with high-speed scanning, long range, and sensitivity to challenging surfaces, streamlining the process of capturing evidence for investigations. Investigators can add annotations and take measurements directly within the field, ensuring all critical details are captured and documented. Equipment purchases will comply with the Buy America Act.

#### **Planned Participation in Click-it-or-Ticket**

Law enforcement partners play an important role in the area of occupant protection. High visibility Enforcement efforts such as national mobilizations and Selective Traffic Enforcement Programs (STEP) in addition to education and public awareness are utilized to change unsafe driving behaviors. One of the objectives is for the Law Enforcement Liaison's (LEL) to solicit law enforcement agencies to participate in the CIOT mobilization. In 2024, 38 STEP and 49 Mini-STEP agencies participated and sent in reports documenting their participation in the CIOT campaign. A total of 1,792 seat belt citations were issued (1,238 STEP and 554 Mini-STEP). A total of 2,121 seat belt warnings were issued (1,108 STEP and 1,013 Mini-STEP). LEL duties will

## Section 3.1 – 405 (b) Occupant Protection Plan

include soliciting non-STEP agencies to voluntarily participate in mobilizations or apply for Mini-STEP grants. The Mini-STEP grants will provide funds to pay overtime enforcement or provide equipment to be used in enforcement activities for participating agencies during the 2 CIOT mobilizations.

Law enforcement agencies are encouraged to involve and inform the media during special enforcement events. The national tagline of “Click It or Ticket” will be used in efforts to promote occupant protection. To promote the use of safety belts and support NHTSA’s “Click It or Ticket” national mobilization and the state’s two-week STEP effort, CJRW, Arkansas’s advertising agency of record will secure paid media per NHTSA’s pre-determined media timeline for the campaign.

The Click It or Ticket (CIOT) Campaign has been instrumental in raising the adult seat belt use rate and will continue to play an important part in Arkansas’ efforts to increase the state’s usage rate. The projects mentioned above, along with the CIOT program, are an integral part of the FY 24-26 Triennial Highway Safety Plan. Efforts in FY26 will include emphasis on increasing total enforcement efforts, the number of agencies participating and encouraging agencies outside of STEP to address seat belt enforcement at a much higher level.

### List of Task for Participants & Organizations

The AHSO currently utilizes the Driver Behavior Committee for the SHSP Planning Group. The members of this group are listed in the chart below.

Sgt. Greg Dycus	ASP Crash Records	501-618-8000	<a href="mailto:Greg.dycus@asp.arkansas.gov">Greg.dycus@asp.arkansas.gov</a>
Sgt. Rogan Ross	ARDOT Highway Police	501-569-2421	<a href="mailto:Rogan.ross@ardot.gov">Rogan.ross@ardot.gov</a>
Carl Minden	Chief Bryant PD	501-943-0843	<a href="mailto:cminden@cityofbryant.com">cminden@cityofbryant.com</a>

Child restraint inspection stations

Countermeasure strategies demonstrating an active network of child passenger safety inspection stations and/or inspection events:

Countermeasure Strategy
Child Restraint System Inspection Station(s)

Planned activities demonstrating an active network of child passenger safety inspection stations and/or inspection events:

## Section 3.1 – 405 (b) Occupant Protection Plan

Planned activities demonstrating an active network of child passenger safety inspection stations and/or inspection events:

Unique Identifier	Planned Activity Name
OP-2026-02	Local Selective Traffic Enforcement Projects (STEPs)
OP-2026-08	Statewide Child Passenger Protection Project
OP-2026-03	Statewide Selective Traffic Enforcement Project (STEP)

Total number of planned inspection stations and/or events in the State.

Planned inspection stations and/or events: **58**

Total number of planned inspection stations and/or events in the State serving each of the following population categories: urban, rural, and at-risk:

Populations served - urban: **36**

Populations served - rural: **22**

Populations served - at risk: **24**

**CERTIFICATION:** The inspection stations/events are staffed with at least one current nationally Certified Child Passenger Safety Technician. (YES)

Child passenger safety technicians

Countermeasure strategies for recruiting, training and maintaining a sufficient number of child passenger safety technicians:

Countermeasure Strategy
Child Restraint System Inspection Station(s)

Planned activities for recruiting, training, and maintaining a sufficient number of child passenger safety technicians:

Unique Identifier	Planned Activity Name
OP-2026-02	Local Selective Traffic Enforcement Projects (STEPs)
OP-2026-08	Statewide Child Passenger Protection Project
OP-2026-03	Statewide Selective Traffic Enforcement Project (STEP)

## Section 3.1 – 405 (b) Occupant Protection Plan

**Estimate of the total number of classes and the estimated total number of technicians to be trained in the upcoming fiscal year to ensure coverage of child passenger safety inspection stations and inspection events by nationally Certified Child Passenger Safety Technicians.**

Estimated total number of classes: **10**

Estimated total number of technicians: **160**

Qualification criteria for a lower seat belt use rate State

**The State applied under the following criteria:**

Primary enforcement seat belt use statute: **Yes**

Occupant protection statute: **No**

Seat belt enforcement: **Yes**

High risk population countermeasure programs: **Yes**

Comprehensive occupant protection program: **No**

Occupant protection program assessment: **No**

Primary enforcement seat belt use statute

Requirement Description	State citation(s) captured
The State's statute(s) demonstrates that the State has enacted and is enforcing occupant protection statutes that make a violation of the requirement to be secured in a seat belt or child restraint a primary offense.	Yes

## Section 3.1 – 405 (b) Occupant Protection Plan

### Citations

Legal Citation Requirement: The State's statute(s) demonstrates that the State has enacted and is enforcing occupant protection statutes that make a violation of the requirement to be secured in a seat belt or child restraint a primary offense.

Legal Citation: A.C.A 27-37-701

Amended Date: 4/20/2021

### Seat belt enforcement

Countermeasure strategies demonstrating that the State conducts sustained enforcement throughout the fiscal year of the grant to promote seat belt and child restraint enforcement and involves law enforcement agencies responsible for seat belt enforcement in geographic areas in which at least 70 percent of either the State's unrestrained passenger vehicle occupant fatalities occurred or combined fatalities and serious injuries occurred:

Countermeasure Strategy
Child Restraint System Inspection Station(s)
Communication Campaign (OP)
School Programs
State Primary Seat Belt Use Law
Sustained Enforcement (OP)

Planned activities demonstrating that the State conducts sustained enforcement throughout the fiscal year of the grant to promote seat belt and child restraint enforcement, and involves law enforcement agencies responsible for seat belt enforcement in geographic areas in which at least 70 percent of either the State's unrestrained passenger vehicle occupant fatalities occurred or combined fatalities and serious injuries occurred:

Unique Identifier	Planned Activity Name
OP-2026-02	Local Selective Traffic Enforcement Projects (STEPs)
OP-2026-04	Mini Selective Traffic Enforcement Projects (M-STEPs)
OP-2026-10	Arkansas Rural Traffic Safety (ARTS)
OP-2026-07	Statewide Law Enforcement Liaison (LEL)
OP-2026-05	Statewide Public Information and Education (PI&E)
OP-2026-03	Statewide Selective Traffic Enforcement Project (STEP)

## Section 3.1 – 405 (b) Occupant Protection Plan

High risk population countermeasure programs

Countermeasure strategies demonstrating that the State will implement data-driven programs to improve seat belt and child restraint use for at least two of the following at-risk populations: Drivers on rural roadways; Unrestrained nighttime drivers; Teenage drivers; Other high-risk populations identified in the occupant protection program area plan:

Countermeasure Strategy
Child Restraint System Inspection Station(s)
Communication Campaign (OP)
School Programs
Short-term, High Visibility Seat Belt Law Enforcement
State Primary Seat Belt Use Law
Sustained Enforcement (OP)

Submit planned activities demonstrating that the State will implement data-driven programs to improve seat belt and child restraint use for at least two of the following at-risk populations: Drivers on rural roadways; Unrestrained nighttime drivers; Teenage drivers; Other high-risk populations identified in the occupant protection program area plan:

Unique Identifier	Planned Activity Name
OP-2026-10	Arkansas Rural Traffic Safety (ARTS)
OP-2026-11/TSP-2026-01	Teen Driver Safety Project

## Section 3.2 – 405(c) State Traffic Safety Information System Improvements

### Bipartisan Infrastructure Law BIL Sec. 405c INTERIM PROGRESS REPORTING (FY 2026)

State: AR Report Date: 04/21/2025 Submitted by: Michael Catanach

<b>System to be Impacted (pick one primary area)</b>	<input type="checkbox"/> CRASH <input type="checkbox"/> DRIVER <input type="checkbox"/> VEHICLE <input type="checkbox"/> ROADWAY <input checked="" type="checkbox"/> CITATION/ADJUDICATION <input type="checkbox"/> EMS/INJURY
<b>Performance Area(s) to be Impacted (pick one primary area)</b>	<input type="checkbox"/> ACCURACY <input checked="" type="checkbox"/> TIMELINESS <input type="checkbox"/> COMPLETENESS <input type="checkbox"/> ACCESSIBILITY <input type="checkbox"/> UNIFORMITY <input type="checkbox"/> INTEGRATION
<b>Performance Measure used to track Improvement(s)</b>	Narrative Description of the Measure Successful court disposition reporting within 30 days.
<b>Is project included in the Traffic Records Strategic Plan?</b>	Yes  If the project is not currently included in the State Strategic Plan, the plan will need to be modified prior the State's FY26 application.
<b>Is this a new project? Or was it the same measure used to show progress previously?</b>	New Measure - No  Same Measure as FY25 Yes  If yes, is the State using the same data set, with the same time period to demonstrate progress? Yes
<b>Improvement(s) Achieved or Anticipated</b>	<b>Narrative of the Improvement(s)</b> This project looks at improvement in the timeliness of the disposition of violations/cases entered in the Arkansas Integrated Revenue System (AIRS). AIRS is the statewide database that contains driver traffic violation disposition information for Arkansas. Improvement is demonstrated by decreasing the amount of time from the date the court case is adjudicated/processed to the date the case is entered/transmitted into AIRS (disposition time). As Courts are brought online, the number of cases brought to a successful conclusion within 30 days increases. Further, with the deployment of eCitation (eCite) statewide and the increase in the number of law enforcement agencies (LEAs) using eCite, disposition reporting has improved since many of the violations are paid online within a few days of citation issuance and result in immediate transmission to AIRS. The increase in the number of Courts online and LEAs using eCite has decreased the amount of time for cases to be entered into the system and has improved court disposition reporting time.
<b>Specification of how the Measure is calculated / estimated</b>	Narrative Description of Calculation / Estimation Method  The percentage of violations/cases successfully disposed within thirty days.
<b>Date and Baseline Value for the Measure</b> (A contiguous, 12-month performance period starting no earlier than April 1, 2020, e.g., April 1, 2021 – March 31, 2022)	2024: April 1, 2023 – March 31, 2024 Violations Disposed 0 – 30 days = 167,971 Total Violations = 200,781 Percentage = 83.7%  Is supporting documentation attached? Yes
<b>Date and Current Value for the Measure</b> (An identical contiguous, 12-month baseline period starting no earlier than April 1, 2021, e.g., April 1, 2022 – March 31, 2023)	2025: April 1, 2024 – March 31, 2025 Violations Disposed 0 – 30 days = 206,419 Total Violations = 238,885 Percentage = 86.4%  Is supporting documentation attached? Yes
<b>Regional Program Manager Conclusion and Comments</b> Review Date: <u>06/10/2025</u>	Aaron Bartlett has reviewed the IPR and believes that it demonstrates progress.
<b>RA Comments - Susan DeCourcy</b> Review Date: <u>06/11/25</u>	After reviewing the AR documentation, I concur the project is demonstrating progress.

## **Section 3.3 – 405(d) Impaired Driving Plan**

*(Previously Submitted)*

### **Executive Summary**

The Arkansas Impaired Driving Prevention Task Force (AIDPTF) was established in 2013 and now presents updates effective July 2024 in the form of two cornerstone documents: 1) The Charter containing the strategy for statewide collaboration to maximize resources to eliminate impaired driving and; 2) The Arkansas Impaired Driving Prevention Plan (AIDPP) and relevant supporting information.

The mission of the AIDPT is to work collaboratively to maximize resources to eliminate impaired driving. The Overall Goal of the AIDPT is to prevent impaired driving, serious injury and fatal crashes. The Arkansas Impaired Driving Prevention Plan is designed to either review or help identify short- and long-term impaired driving activities to be developed, implemented and evaluated over time based on available data, careful problem identification, and evidence-based prevention interventions or strategies to achieve progress towards the mission and goal of zero preventable deaths and injuries.

The AIDPTF includes an engaged membership base that satisfies the mandatory representatives put forth in the National Highway Traffic Safety Administration guidelines along with other groups and individuals whose participation is invaluable towards reducing impaired driving crashes.

Meetings are typically held every other month and there is an opportunity for program announcements, information about community engagement events, updates, special presentations and trainings, guest speakers, problem-solving exercises, resource coordination and data review during the meetings. Members are provided the latest available statistics, legislative updates, national publications and ASP HSO programmatic achievement information. Because the meetings are supported and well attended by ASP HSO leadership, they are an effective vehicle to facilitate feedback, communication, engagement and collaboration between all participants. This Task Force is a working group and its meetings are working meetings.

### **Authority and Basis for Operation**

The AIDPTF operates under the leadership and sanction of the Arkansas State Police Highway Safety Office. Chartered since 2013, guidance for conducting matters of business is detailed in the Charter (See Pages 7 - 9).

The Task Force Members have been in a process of reviewing and informing priority concerns and policy recommendations beginning in October of 2023. Methods used to secure input and recommendations included a broad review of publications, statistics and subject-matter speakers during the December of 2023, and the February of 2024 meetings. Approval of recommended changes and updates was affirmed during the April 2024 meeting. Additional changes to include BIL guidance were reviewed and approval affirmed during the June 2024 meeting.

### List of Members (including Name, Title and Organization) – Page 1

#### Arkansas Impaired Driving Prevention Task Force

Name	Title/Role	Agency	Group Represented
Alberson, Dana	Area Six Manager	Division of Community Correction	Probation
Allgaier, Gina	AIDPTF Administrator and Court Monitor	Speakup About Drugs	Alcohol and Other Drug Misuse Prevention
Bagby, Gordon	Director - Youth Accident Prevention	Pulaski County District Court	
Belew, Teresa	AIDPTF Chairman and Court Monitor	Speakup About Drugs	Alcohol and Other Drug Misuse
Boles, Ashley	B.A.T. Coordinator	Black River Technical College	Law Enforcement Training Academy
Burks, Matt	Program Coordinator, Director's Office	Office of Drug Director	Alcohol and Other Drug Misuse
Catanach, Michael	Program Manager, E-Grants, STEPS	Arkansas State Police	Highway Safety Office
Edmonson, Harold	Traffic Safety Program Manager	University of Arkansas	Criminal Justice Institute - DRE
Fisher, Thomas	State Drug Director	Arkansas State Police	Prevention, Treatment, Rehabilitation
Green, Kristie	DWI SFST Instructor	University of Arkansas	Criminal Justice Institute - SFST
Grigg, Gary	State Program Specialist	U.S. Department of Transportation	Federal Motor Carriers Safety
Hale, Judge Mills "Butch"	DWI Court Judge	Sherwood District Court	Adjudication and DWI Court
Heffington, Mary Lynn	Forensic Toxicologist, Technical Leader	Arkansas State Crime Laboratory	Public Health Laboratory
Hollis, Debra	Highway Safety Office Manager	Arkansas State Police	Highway Safety Office
Kumpuris, Lori	Deputy Prosecutor Coordinator	Office of the Prosecutor Coordinator	Prosecution
Landosky, John	Educator - Friendly Driver Program	City of Little Rock	Prevention
Leigh, Kenton	Public Health Administrator	Arkansas Department of Health	Public Health Laboratory
Little, Colby	Program Manager	Arkansas State Police	Highway Safety Office
Madison, Chris	Law Enforcement Auxiliary Officer	Saline County Sheriff's Office	Local Law Enforcement
Mauldin, Kristen	Chief Forensic Toxicologist	Arkansas State Crime Laboratory	Public Health Laboratory
McMahon, Bob	Director	Office of the Prosecutor Coordinator	Prosecution
Mirns, Sharron	Coordinator - Coalitions and Training	Office of Drug Director	Prevention and Community Coalitions
Mundy, Julie	FARS Analyst	Arkansas State Police	Highway Safety Office
Pace, Nichole	Traffic Safety Resource Prosecutor	Office of the Prosecutor Coordinator	Prosecution
Payne, Chip	Program Manager, Impaired Driving, STEPS	Arkansas State Police	Highway Safety Office
Reed, Brittany	Forensic Toxicologist	Arkansas State Crime Laboratory	Public Health Laboratory
Reeves, Peyton	Program Manager, Public Information	Arkansas State Police	Highway Safety Office
Schenk, Aaron	B.A.T. Instructor	Black River Technical College	Law Enforcement Training Academy
Taylor, Judge Chaney	DWI Court Judge	Independence County District Court	Adjudication and DWI Courts
Thompson, Brock	Owner Thompson's Driving School	A1 Thompson's Driving School	Drivers Education and Training
Tillman, Juan	Coordinator - DASEP	DHS, DABHHS	Screening and Assessment
Todd, Scott	First Lieutenant	Arkansas Highway Police	State Law Enforcement
Traylor, Tristan	Ped. Bike, Motorcycle Safety Manager	Arkansas State Police	Highway Safety Office

## Section 3.3 – 405(d) Impaired Driving Plan

*(Previously Submitted)*

### List of Members (including Name, Title and Organization) - Page 2

#### Arkansas Impaired Driving Prevention Task Force

Name	Title/Role	Agency	Group Represented
Turner, Melony	Division Manager	Arkansas DFA - Driver Services	Driver Control
Vernon, Gwen	FARS Analyst	Arkansas State Police	Highway Safety Office
White, Bridget	Highway Safety Office Administrator	Arkansas State Police	Highway Safety Office

## Section 3.3 – 405(d) Impaired Driving Plan

*(Previously Submitted)*

### Guiding Principles

NHTSA Highway Safety Program Guideline No. 8 – Impaired Driving

- 1) An effective impaired driving plan should be based on strong leadership, sound policy development, program management and strategic planning, and an effective communication program.
- 2) Program efforts should be data-driven, focusing on populations and geographic areas that are most at risk, and science-based, determined through independent evaluation as likely to succeed.
- 3) Programs and activities should be guided by problem identification and carefully managed and monitored for effectiveness.
- 4) Adequate resources should be devoted to the problem and costs should be borne, to the extent possible, by impaired drivers.

### Foci

To develop, recommend, implement and sustain a plan that focuses on the problem areas with the greatest opportunity for improvement it is essential to have representation from agencies and organizations with a working knowledge and deep understanding of the various parts of Arkansas's impaired driving system and how the parts interrelate.

A strong chairman is in place; mandated members under FAST guidance have been well engaged since the initial Charter of the Task Force. Attention is being given to ensure that the new requirements set forth in BIL relative to members and community engagement are in place. The BIL guidance has been explained to members resulting in enthusiastic discussion and productive recommendations regarding engagement and opportunities throughout relevant groups and coalitions. This will certainly inform and expand the strong support that has historically been demonstrated by the membership. The Task Force will support the execution of the Bipartisan Infrastructure Law (BIL).

Experienced program management and focused strategic planning will continue to guide the Task Force in the areas of prevention (including community engagement and coalitions), criminal justice systems (laws and enforcement), communications programs, (high visibility efforts), prosecution, adjudication, administrative sanctions, communication programs, alcohol and other drug misuse, screening, treatment, assessment and rehabilitation, program evaluation and data will have been successfully conducted throughout the implementation of the plan through the collaboration of the task force membership, highway safety office staff and NHTSA guidance. In addition, subject matter expert speakers and field observation opportunities will continue to be provided to ensure members are provided first-hand information about key strategies and emerging issues.

## **Section 3.3 – 405(d) Impaired Driving Plan** *(Previously Submitted)*

### **AIDPTF Strategic Plan, Policy Concerns and Priorities**

#### **Challenges to Meeting Desired Outcomes/Target**

1. Lack of valid testing for drug results.
2. Judicial resistance to DRE testimony.
3. New Medical Marijuana Law in Arkansas.
4. Issues related to combination effect of Marijuana, Drugs AND Alcohol.
5. Attrition of DRE certified officers in Arkansas.
6. Growing number of “Entertainment Districts” throughout Arkansas.

#### **Prevention (including community engagement and coalitions)**

1. Host 3 listening sessions with Prevention Coalitions and Professionals.
2. Promote media participation at prevention events.

#### **Criminal Justice System (including prosecution, adjudication and probation)**

1. Research and share model legislation to update and strengthen Arkansas laws.
2. Encourage expansion of Specialty Courts.

#### **Communications Programs**

1. Gain earned media to support mobilizations and prevention messaging.
2. Distribute AIDPTF resources and publications to the general public.

#### **Alcohol and Other Drug Misuse (screening, treatment, assessment, rehabilitation)**

1. Collaborate with the Arkansas Drug Director's Office to share provider information.
2. Obtain and distribute treatment and rehabilitation provider info to stakeholders.

#### **Program Evaluation and Data**

1. Distribute and review progress towards goals and objectives set by the HSO.
2. Provide engagement survey and listening session findings to Task Force for response.

#### **Policy Concerns and Priorities**

1. Foster Care, Special Population Children and Drivers Testing
2. Sealing of Records and Administrative Recall of Tickets
3. BAC Testing Refusals, Warrants and Hospital Cooperation
4. Address Administrative/Driver Control Issues (see separate page)
5. Ignition Interlock Compliance and Program Funding
6. Victim Impact Panel Access
7. Officer Traumatic Event Wellness Assistance
8. Bicycle, eBike, Scooter and Pedestrian Injury
9. Entertainment District Proliferation
10. Autonomous Vehicle Impact on DWI Statutes
11. Participation of Law Enforcement Agencies in Projects

## **Section 3.3 – 405(d) Impaired Driving Plan**

*(Previously Submitted)*

### **Policy Concerns and Priorities (continued from Page 5)**

12. More regional access to DWI education for smaller agencies
13. More DWI, Drug and Mental Health Courts
14. Support a MADD presence in Arkansas
15. Clean up of Arkansas Code related to 5-year look back and 10-year look back

### **HSO Programming Updates**

1. Collaboration with ARDOT to implement a “Ride Share” Program.
2. Explore options to hire State Judicial Liaison.
  - a. Increase communication between Administrative Office of the Courts (AOC) and DWI Courts
  - b. Share information on court locations, participants, programs, graduates, etc.
3. Work with Crime Lab, Drug Czar and LE to identify potential drug tests that can be used.

**Task Force Role: Set up work group specific to this programmatic addition.**

4. Utilize LEL to promote the DRE program and solicit officers to become DRE certified.
5. Add additional DWI courts in areas with most DWI crashes, fatalities and injuries.
  - a. Utilize DWI Court Judges to increase awareness and educate Judges in these areas on how to set up DWI courts and the benefits.
6. Work with Task Force and Drug Director’s Office to explore.
  - a. Providing education and materials through Marijuana Dispensaries.
  - b. Developing educational packets for Judges and Legislators.

**Task Force Role: Current Task Force Chairman is appointed by the Governor to the Arkansas Impaired Driving Prevention Task Force that is under the authority of the Drug Director**

7. Implement PPE efforts to solicit community feedback on Impaired Driving

**Task Force Role: Set up work group specific to this programmatic addition.**

## **Section 3.3 – 405(d) Impaired Driving Plan**

*(Previously Submitted)*

# **Charter and Establishing Documents**

## **The Arkansas Impaired Driving Prevention Task Force**

### **Background.**

In July of 2013, the Arkansas Highway Safety Office (HSO) convened a meeting for the purpose of recruiting leadership for a statewide impaired driving prevention task force whose purpose would be to foster planning, commitment, and coordination among stakeholders interested in impaired driving issues, including both traditional and non-traditional parties and to develop and implement an overall plan for short- and long-term impaired driving prevention activities based on careful and data-driven problem identification.

### **Preamble.**

The State of Arkansas will work collaboratively to maximize its resources to eliminate impaired driving.

### **Overall Goal.**

Prevent impaired driving serious injury and fatal crashes.

### **Official Name.**

The name of the task force will be the Arkansas Impaired Driving Prevention Task Force (AIDPTF).

### **Impaired Driving.**

The term *impaired driving* means operating a motor-vehicle while affected by alcohol and/or other drugs, including prescription drugs, over-the-counter medicines, or illicit substances.

### **Officers.**

There will be two officer/organizers of the task force. Their responsibilities are as follows:

- o Chair

- Ensures the effective action of the task force leadership and task force as a whole.
- Develops agendas for meetings (based on member input) and facilitates meetings.
- Is primary contact with Highway Safety Office staff

Page 7

## Section 3.3 – 405(d) Impaired Driving Plan

*(Previously Submitted)*

o Administrator

- Acts as the Chair in their absence; assists Chair with responsibilities or other specified duties.
- Maintains Membership Lists, distributes meeting notices and other information and documents as necessary for task force support.

o Appointment and Terms of Office

- Officers will be appointed based on input from Arkansas Highway Safety Office recommendations and the consent of the whole. Terms of Office will be subject to availability to serve.

### **Leadership.**

The leadership of the Task Force is the Arkansas Highway Safety Office staff in collaboration with mandatory members as directed by NHTSA.

### **Members.**

Key stakeholders will be recruited to ensure a comprehensive membership roster of parties interested in impaired driving issues, including both traditional and non-traditional parties, such as highway safety enforcement, criminal justice, driver licensing, treatment, liquor law enforcement, business, medical, health care, public health, advocacy and multicultural groups, the media, institutions of higher education, and the military.

#### **Mandatory Member Representatives:**

Arkansas Highway Safety Office  
Law Enforcement (State and Local)  
Criminal Justice System  
    Prosecution  
    Adjudication  
    Probation  
Public Health  
Drug-impaired Driving Countermeasures  
Communications  
Community Engagement  
NHTSA (Ex Officio)

#### **Committees.**

At the direction of the whole, the Chair may appoint committees. Committees will exist for a stated purpose and time period. Each committee will have a chairperson to ensure that the committee convenes in order to

## **Section 3.3 – 405(d) Impaired Driving Plan**

*(Previously Submitted)*

serve its stated purpose and that committee recommendations are presented to the full task force in a timely manner. Generally, these committees will establish procedures to ensure that program activities are implemented as intended.

### **Meeting Schedule.**

The task force will meet on the second Tuesday of even months.

### **Acceptable Meetings.**

It is acceptable to conduct interim meetings at the call of the Chair, via email, or telephone as necessity dictates.

### **Quorum.**

A quorum for voting is fifty percent (50%) of the number of NHTSA mandated members. In the event of a tie, the Chair will determine outcome.

### **Proxy.**

A mandated member agency representative may designate a proxy to attend a meeting.

### **Rules of Order.**

Decisions will be made by consensus. At the vote of the whole, Robert's Rules of Order may be invoked for the purpose of formal, binding business decisions.

### **Amendments.**

The Charter may be amended (via electronic or posted correspondence) notice to members and a seventy-five percent (75%) of the number of NHTSA mandated members vote to amend.

## Section 3.3 – 405(d) Impaired Driving Plan (Previously Submitted)

## Section 3.3 – 405(d) Impaired Driving Plan (Previously Submitted)

### Bipartisan Infrastructure Law (BIL)

Below is an overview of provisions of the law that relate to NHTSA.

#### **Advanced Drunk Driving Prevention Technology**

Work to issue a final rule within three years prescribing a Federal Motor Vehicle Safety Standard (FMVSS) that requires passenger motor vehicles, manufactured after the effective date of that standard, to be equipped with advanced drunk-and impaired-driving prevention technology. If necessary, NHTSA can extend the time period for three years, but must provide an annual report to Congress. If a standard is not finalized within 10 years, NHTSA must provide a report to Congress.

#### **Alcohol-Impaired Driving**

Fund the Driver Alcohol Detection System for Safety program through 2025, up to \$45 million.

#### **Drug-Impaired Driving**

Require states that have legalized marijuana to consider programs to educate people and reduce injuries and deaths resulting from marijuana-impaired driving. Allow states to use open container and repeat offender transfer funds for drug-impaired driving countermeasures.

Submit a report on:

- methods and recommendations improving access to samples and strains of marijuana and products containing marijuana for impaired-driving research; and establishing a national clearinghouse to collect and distribute samples and strains of marijuana for scientific research.
- Identification of and recommendations for addressing federal statutory and regulatory barriers to conducting scientific research, and establishment of a national clearinghouse for purposes of facilitating research on marijuana-impaired driving. And, create a report and recommendations on improving access to set up a national clearinghouse.

#### **General**

Submit report on barriers to states submitting alcohol and drug toxicology results to the Fatality Analysis Reporting System, recommend how to address those barriers, and identify steps to assist states in improving toxicology testing and the reporting of those results.

## Section 3.3 – 405(d) Impaired Driving Plan (Previously Submitted)

<p>Statewide impaired driving plan that contains the following information, in accordance with part 3 of appendix B to this part:</p> <p>(i) Section that describes the authority and basis for the operation of the Statewide impaired driving task force, including the process used to develop and approve the plan and date of approval;</p> <p>(ii) List that contains names, titles, and organizations of all task force members, provided that the task force includes stakeholders from the following groups:</p> <p>(A) State Highway Safety Office;</p> <p>(B) State and local law enforcement;</p> <p>(C) Criminal justice system (e.g., prosecution, adjudication, and probation);</p> <p>(D) Public health;</p> <p>(E) <del>Drug impaired driving government agencies</del> (e.g., DRE coordinator); and</p> <p>(F) <del>Communications and community engagement</del>.</p> <p>(iii) Strategic plan based on the most recent version of Highway Safety Program Guideline No. 8 – Impaired Driving, which, at a minimum, covers the following:</p> <p>(A) <del>Program engagement and strategic planning</del>;</p> <p>(B) <del>Prevention, including community engagement and coalitions</del>;</p> <p>(C) <del>Criminal justice systems</del>;</p> <p>(D) <del>Communications programs</del>;</p> <p>(E) <del>Alcohol and other drug misuse, including screening, treatment, assessment and rehabilitation</del>; and</p> <p>(F) <del>Program evaluation and data</del>.</p>	<p>Statewide impaired driving plan that contains the following information, in accordance with part 3 of appendix B:</p> <p>(i) Section that describes the authority and basis for the operation of the Statewide impaired driving task force, including the process used to develop and approve the plan and date of approval;</p> <p>(ii) List that contains names, titles and organizations of all task force members, provided that the task force includes key stakeholders from the State highway safety agency, <del>law enforcement and the criminal justice system</del> (e.g., prosecution, adjudication, probation) and, as determined appropriate by the State, representatives from areas such as 24-7 sobriety programs, driver licensing, treatment and rehabilitation, ignition interlock programs, data and traffic records, <del>public health</del> and communication;</p> <p>(iii) Strategic plan based on the most recent version of Highway Safety Program Guideline No. 8 – Impaired Driving, which, at a minimum, covers the following –</p> <p>(A) Prevention;</p> <p>(B) Criminal justice system;</p> <p>(C) Communication programs;</p> <p>(D) Alcohol and other drug misuse, including screening, treatment, <del>assessment and rehabilitation</del>; and</p> <p>(E) Program evaluation and data.</p>

## Section 3.4 – 405(e) Distracted Driving Sample Questions

### 405(e) Distracted Driving Grant

#### Sample Questions

You are less likely to be involved in a traffic crash, when using your electronic device while behind the wheel as long as you lessen your speed?

- a) Yes
- b) No

What is the most dangerous distraction for a driver?

- a) Taking or Texting
- b) Singing
- c) Listening to the radio

Texting and talking on a cell phone involve three different types of distractions that can occur at the same time:

Singing, Laughing and Talking

- a) Visual, Manual and Cognitive
- b) Talking
- c) Listening to the Radio and Visual

The leading cause of car crashes is:

- a) Driving at Night
- b) Driving too fast for conditions
- c) Inattention

In Arkansas, the Fewer Distractions Means Safe Driving Act:

- a) Allows cell phone use
- b) Restricts cell phone use (only in an Emergency)
- c) Allows a cell phone and texting (without an emergency)

The U.S. Department of Transportation is leading the fight to end distracted driving through a combination of:

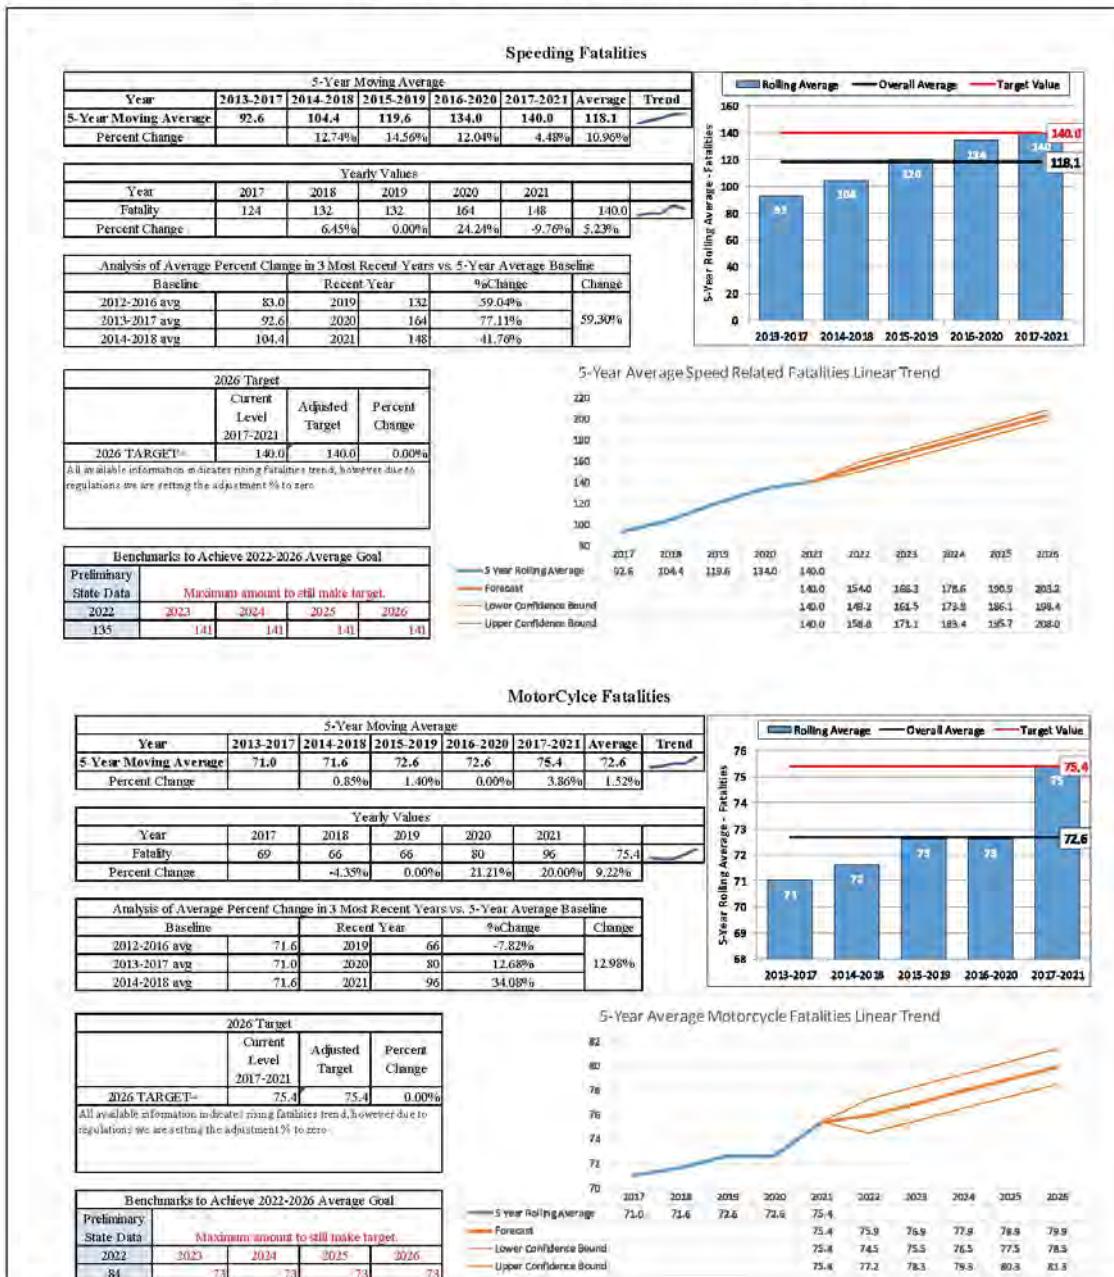

- a) Tough laws, strong enforcement, and public awareness
- b) Tickets, Fines, and a Suspended License

Seminars

## Section 3.5 – 405(f) Motorcycle Safety Grant

Excerpts from the FY 2024–2026 Triennial Highway Safety Plan Supporting the 405(f) Motorcycle Safety Grant Application

### Section 3.1 - FY24-26 Performance Measures/Targets

## Section 3.5 – 405(f) Motorcycle Safety Grant

### Section 3.1 - FY24-26 Performance Measures/Targets

## Section 3.5 – 405(f) Motorcycle Safety Grant

### Section 4.5 – Motorcycle

#### Problem Identification

Arkansas reported 66 motorcycle related fatalities in 2018 rising to 84 in 2022 and account for approximately 13 percent of Arkansas' total traffic fatalities. Arkansas repealed the helmet law in 1999, and only requires helmets for motorcyclists aged 21 or younger. In 2022, 51 of the 84 motorcycle fatalities or 61 percent, were not helmeted. Motorcycle data is provided in the chart below. The chart shows the number of motorcycle crashes for 2022 and the crashes involving an impaired driver.

County or Political Subdivision	Number of registered motorcycles	Number of motorcycle crashes	# of MCC involving another motor vehicle	# of MCC involving an impaired operator	County or Political Subdivision	Number of registered motorcycles	Number of motorcycle crashes	# of MCC involving another motor vehicle	# of MCC involving an impaired operator

The Arkansas Highway Safety Office (AHSO) will conduct a statewide motorcycle safety program to increase motorist's awareness, support rider education and outreach, and utilize enforcement and PI&E efforts to reduce the number of motorcycle fatalities and injuries. The AHSO will purchase advertising for the "Look Twice for

## Section 3.5 – 405(f) Motorcycle Safety Grant

### Section 4.5 – Motorcycle

Motorcycles" and "Take 2 for Arkansas" campaigns to include broadcast, cable, radio, and online advertising in most counties with a focus on counties that have the majorities of crashes and fatalities.

Arkansas will utilize statewide television and radio spots to promote awareness of motorcycle safety and the dangers associated with the impaired operation of motorcycles. Efforts to deter impaired motorcyclists will be made during the National Winter DWI Mobilization (DSOGPO); the National Labor Day DWI Mobilization (DSOGPO); and the July 4th holiday DSOGPO campaign. The AHSO will purchase advertising to include broadcast, cable, radio, and online advertising directed at a majority of counties with the highest number of crashes and fatalities with an emphasis on the top five counties to provide information and create awareness of motorcycle safety and dangers of impaired riding.

#### Planned activities: Motorist Awareness Campaign and Motorcycle Outreach Program

Provides funding to promote motorcycle safety activities. Items that may be produced and purchased are educational pamphlets, posters, costs associated with producing and airing radio and television ads and other items as appropriate. A motorcyclist outreach program has been subcontracted to Alliance Sport Marketing through CJRW. This project will involve a coordinated presence at motorcycle rallies AND EVENTS throughout the state. The project was initiated in May FY21 and has already drawn positive attention and response from various motorcycle groups. In FY24, the project has been expanded Alliance will attend a minimum of 20 days of motorcycle rallies, or 10 different rally events. Alliance will also distribute an updated public opinion survey at motorcycle rallies to determine the most critical traffic safety issues, from the perspective of the community, that the AHSO needs to address. Other planned efforts for FY 24 include working with the Arkansas Department of Finance & Administration to distribute motorcycle endorsement envelope stuffers, a project which began in FY 23, to provide information on registration, licensing, and training opportunities. The AHSO will continue to work with ABATE and motorcycle dealerships to identify an MSF trainer for Arkansas as well as to conduct additional education and outreach.

#### 2024 Priorities

- Pulaski, Benton, Washington, Searey, and Garland have highest number of MC crashes involving another motor vehicle.
- Central and Northwest AR are primary areas to target.

#### Activities Conducted:

- 20 Motorcycle rallies/events across AR

#### Attendees:

- Attendees living within AR
- Attendees from outside of AR
- Attendance average at each event between 250-500 MC riders

#### Issues Covered:

- Honda Safe Motorcyclist Awareness & Recognition Trainer, MC
- MC Driver/Rider Simulator, Fatal Vision Goggles, Photo Station
- Educational Information distributed/collected on MC Safety issues.
- Participants engaged in discussions about experiences and MC safety.
- Brief Surveys collected on MC Safety utilizing tablets.

#### How participants' comments and views will be incorporated into the development of the THSP.

## Section 3.5 – 405(f) Motorcycle Safety Grant

### Section 4.5 – Motorcycle

- Utilize feedback from Surveys to adjust current program and develop new ones.
- New or expanded partnerships (ongoing engagement efforts)
- Pilot new projects

#### *Alliance Motorcycle Education/Outreach*

The AHSO has a contract with Alliance Sports Marketing to provide community outreach for education/awareness at motorcycle rallies across the state. Alliance personnel set up informational booths to discuss motorcycle safety and participants test their riding/driving skills on a simulator provided by AHSO. Alliance staff engage attendees in discussions about motorcycle safety and ask them to complete a survey. The conversations and surveys provide information about why Motorcyclists do or do not use helmets, AR road safety issues, and what they believe would make AR roads safer for motorcyclists. Using this information, the AHSO will continue to work to develop new partnerships and targeted campaigns/projects that can effectively reduce the fatalities and injuries associated with motorcycle crashes in Arkansas.

#### **Countermeasures**

**Countermeasure Strategy – Table 15**

Countermeasure Strategy	Communication Campaign (MC)			
Problem (link to strategy)	Arkansas reported 69 motorcycle related fatalities in 2017 rising to 96 in 2021 and account for approximately 14 percent of Arkansas' total traffic fatalities. Arkansas repealed the helmet law in 1999, and only requires helmets for motorcyclists aged 21 or younger. In 2021, 53 of the 96 fatalities or 55 percent, were not helmeted.			
Countermeasure Justification	<ul style="list-style-type: none"><li>• Motorcycle Safety CTW – 1.2 MC Helmet Use Promotion Program *</li><li>• Motorcycle Safety CTW – 2.2 Alcohol-Impaired MC: Communication and Outreach *</li><li>• Motorcycle Safety CTW – 4.2 Communication and Outreach: Motorist Awareness of MC *</li></ul>			
Target (link to strategy)	The objective of Arkansas' Communication Campaign for Motorcycle awareness is to provide information concerning the safe operation of motorcycles and persuade riders and drivers of the benefits associated with drivers and motorcycle operators taking the time to be more aware of their surroundings, be safe and courteous and not drink while operating or riding a vehicle or motorcycle. The projected impact would be increased awareness and safer behaviors on the part of drivers and motorcycle operators resulting in fewer fatalities and injuries.			
Estimated 3-year funding allocation	FY24	FY25	FY26	Total
	\$300,000	\$315,000	\$330,750	\$945,750
Strategy to project considerations	Effective, high visibility communications and outreach are important in changing attitudes and behavior of both riders and drivers. The objective of Arkansas' Communication Campaign for Motorcycle awareness is to provide information concerning the safe operation of motorcycles and persuade riders and drivers of the benefits associated with drivers and motorcycle operators taking the time to be more aware of their surroundings, be safe and courteous and not drink while operating or riding a vehicle or motorcycle.			
Planned Activities	Unique Identifier:	Planned Activity Names:		
	MC-2024-01	Motorist Awareness Campaign		
	MC-2024-02	Motorcyclist Awareness/Outreach Program		

## Section 3.6 – 405(h) Preventing Roadside Deaths Grant

Excerpts from the FY 2024–2026 Triennial Highway Safety Plan Supporting the 405(h) Preventing Roadside Deaths Grant

### Section 4.9 Roadway Safety

#### Problem Identification

The AHSO works in partnership with the ARDOT to identify and implement innovative infrastructure improvements and hazard elimination strategies to aid in reduction of motor vehicle fatalities and serious injuries on Arkansas Roadways. Funding for this area assures that ARDOT personnel are properly trained and have access to current information and innovations.

ARDOT promotes educational opportunities by sending personnel to conferences. Due to limited funds and travel restrictions, adequate funds are not always available to send personnel to critical conferences. To continue to identify strategies and facilitate collaboration and coordination between the Arkansas Department of Transportation, Arkansas Highway Safety Office and stakeholders, funds will be provided to accomplish the following:

- Reduce the number of fatal and serious injury crashes in Arkansas.
- Keep traffic safety advocates abreast of ongoing changes.
- Provide educational opportunities offered at traffic safety conferences, workshops, and forums to include training on crash data, railroad crossing safety, and current traffic safety programs.

The use of 402 funds will provide ARDOT with funding for travel and training to appropriate conferences.

The AHSO also works to promote roadside safety to prevent fatalities and injuries in vehicles that are stopped on the side of the road by law enforcement, involved in a crash, medical emergency, mechanical issues or any other problem that would cause a vehicle to be stopped roadside. Arkansas code 27-51-310 requires that vehicles move over when able or if it is unsafe to pull over to reduce speed appropriate to the street, road or highway and the conditions through the area.

Roadside Crash Data by Year					
	2017	2018	2019	2020	2021
Fatalities	2	2	4	4	4
Serious Injuries	7	7	5	14	5

According to Arkansas eCrash data the 5-year rolling average for roadside crash fatalities for 2017-2021 is 3.2 and the 5-year rolling average for serious injuries is 7.6. AHSO will maintain current safety levels by December 31, 2026.

The goals of the projects funded in the Roadway Safety Program are:

- Reduce the number of fatal and serious injury in roadside crashes.
- Raise awareness of Move Over Laws and the understanding of their importance.

The use of 405(h) funds will be used to develop paid media with television, radio and digital advertising, brochures, posters and other educational materials. The AHSO will also work with law enforcement partners to develop materials and projects that will increase awareness of the Move Over Law.

#### Countermeasures

##### Countermeasure Strategy – Table 23

Countermeasure Strategy	Training for Traffic Safety Advocates
Problem (link to strategy)	Innovative infrastructure improvements and hazard elimination strategies aid in the reduction of motor vehicle fatalities and serious injuries on Arkansas roadways. This countermeasure assists in this area by assuring that ARDOT personnel are properly trained and have access

## Section 3.6 – 405(h) Preventing Roadside Deaths Grant

### Section 4.9 Roadway Safety

	to current information and innovations. The following Goals were established by ARDOT in the SHSP which will impact the AHSO performance targets for reduction of total fatalities, injuries, and fatalities per VMT.			
Countermeasure Justification	Safe System – Builds upon the 4 Es: Enforcement, Education, Engineering and Emergency Response / EMS. A Safe System approach adds the additional Es of Equity and Evaluation. As recommended by The National Roadway Safety Strategy (NRSS) to reverse the rise in traffic fatalities and serious injuries on the nation's highways.			
Target (link to strategy)	The AHSO works in partnership with the ARDOT to identify and implement innovative infrastructure improvements and hazard elimination strategies to aid in the reduction of motor vehicle fatalities and serious injuries on Arkansas Roadways. This countermeasure assists in this area by assuring that ARDOT personnel are properly trained and have access to current information and innovations. The impact of training for highway safety professionals on railway and highway hazard elimination strategies will be to enable them to develop and implement projects that will reduce the severity of traffic crashes on sections of Arkansas highways with high crash rates and the number of fatalities and injuries associated with them.			
Estimated 3-year funding allocation	FY24	FY25	FY26	Total
	\$20,000	\$21,000	\$22,050	\$63,050
Strategy to project considerations	The AHSO works in partnership with the ARDOT to identify and implement innovative infrastructure improvements and hazard elimination strategies to aid in the reduction of motor vehicle fatalities and serious injuries on Arkansas roadways. The countermeasure and planned activity will provide ARDOT personnel with critical training on new information and innovations.

**Countermeasure Strategy – Table 26**

Countermeasure Strategy	Preventing Roadside Deaths & Injuries - Move Over Law (PI&E)
Problem (link to strategy)	Statewide public information and education campaign to educate the public regarding the safety of vehicles and individuals stopped at the roadside in the State. The campaign will promote roadside safety and particularly focus on the Move Over law, Arkansas code 27-51-310. This task will provide for statewide public information and education to promote Move Over Law education through paid media. Components of this task may include, but are not limited to, educational materials such as brochures, posters, paid television, radio and digital ads and public service announcements (PSAs). This task will provide funds to secure the services of a qualified full-service advertising agency to create and develop a traffic roadside safety public information campaign. The advertising agency will develop the methodology to document and report audience reach. This task will also aid with PI&E efforts in specific community projects such as selective traffic enforcement projects (STEPs), and with diversity outreach and press events. Federal funding may provide for paid ad and PSA creation and production, PI&E materials creation and production, educational items, and meeting and press event expenses. This task will also provide for the placement of traffic safety messages relating to Move Over Law public information campaigns in the media. Media placements may include television, radio, cinema, internet, and print. At a minimum, an assessment to measure audience exposure will be documented and included in the cost of media placements. Public awareness surveys will be conducted to track driver attitudes and awareness of enforcement and communication activities and driving behavior. Federal funds will be allocated for the paid media and associated costs
Target (link to strategy)	<i>Raising Awareness:</i> Many drivers are unaware of the Move Over Laws or do not fully understand their importance. Public education initiatives will help raise awareness about these laws, ensuring that more people are knowledgeable about their existence and purpose.

## Section 3.6 – 405(h) Preventing Roadside Deaths Grant

### Section 4.9 Roadway Safety

	<p><i>Enhancing Road Safety:</i> Move Over Laws are designed to protect first responders, roadside workers, and stranded motorists. By educating the public about these laws, drivers can become more vigilant and cautious when encountering first responder vehicles or workers on the side of the road, reducing the risk of crashes, fatalities and injuries.</p> <p><i>Behavior Modification:</i> Education and information campaigns have been effective to change driver behavior positively. By emphasizing the importance of moving over or slowing down when approaching first responder vehicles and stranded motorists, these initiatives can encourage drivers to adopt safer practices and promote a culture of road safety.</p> <p><i>Advocacy for Law Enforcement and Emergency Responders:</i> Public education initiatives can also serve as a platform for advocating on behalf of law enforcement officers, paramedics, and other emergency responders who put their lives at risk to help others. By raising awareness about Move Over Laws, these campaigns can garner public support and understanding for the importance of protecting those who serve the community.</p>			
Estimated 3-year funding allocation	FY24	FY25	FY26	Total
Strategy to project considerations	These funds will be used for public education and information campaigns for Move Over Laws that will promote road safety, protect emergency responders, and encourage responsible driver behavior. These initiatives help create a culture of awareness, compliance, and support, ultimately reducing the number of crashes, fatalities and injuries on the road.

## Appendix A to Part 1300—Certifications and Assurances for Highway Safety Grants

*[Each fiscal year, the Governor's Representative for Highway Safety must sign these Certifications and Assurances affirming that the State complies with all requirements, including applicable Federal statutes and regulations, that are in effect during the grant period. Requirements that also apply to subrecipients are noted under the applicable caption.]*

State: ARKANSAS

Fiscal Year: 2026

By submitting an application for Federal grant funds under 23 U.S.C. Chapter 4 or Section 1906, Public Law 109-59, as amended by Section 25024, Public Law 117-58, the State Highway Safety Office acknowledges and agrees to the following conditions and requirements. In my capacity as the Governor's Representative for Highway Safety, I hereby provide the following Certifications and Assurances:

### **GENERAL REQUIREMENTS**

The State will comply with applicable statutes and regulations, including but not limited to:

- 23 U.S.C. Chapter 4—Highway Safety Act of 1966, as amended;
- Sec. 1906, Public Law 109-59, as amended by Sec. 25024, Public Law 117-58;
- 23 CFR part 1300—Uniform Procedures for State Highway Safety Grant Programs;
- 2 CFR part 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards;
- 2 CFR part 1201—Department of Transportation, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

### **INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS**

The State has submitted appropriate documentation for review to the single point of contact designated by the Governor to review Federal programs, as required by Executive Order 12372 (Intergovernmental Review of Federal Programs).

### **FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT (FFATA)**

The State will comply with FFATA guidance, *OMB Guidance on FFATA Subaward and Executive Compensation Reporting*, August 27, 2010, ([https://www.fsrs.gov/documents/OMB\\_Guidance\\_on\\_FFATA\\_Subaward\\_and\\_Executive\\_Compensation\\_Reportin\\_08272010.pdf](https://www.fsrs.gov/documents/OMB_Guidance_on_FFATA_Subaward_and_Executive_Compensation_Reportin_08272010.pdf)) by reporting to FSRS.gov for each sub-grant awarded:

- Name of the entity receiving the award;
- Amount of the award;

- Information on the award including transaction type, funding agency, the North American Industry Classification System code or Catalog of Federal Domestic Assistance number (where applicable), program source;
- Location of the entity receiving the award and the primary location of performance under the award, including the city, State, congressional district, and country; and an award title descriptive of the purpose of each funding action;
  - Unique entity identifier (generated by [SAM.gov](#));
- The names and total compensation of the five most highly compensated officers of the entity if:
  - (i) the entity in the preceding fiscal year received—
    - (I) 80 percent or more of its annual gross revenues in Federal awards;
    - (II) \$25,000,000 or more in annual gross revenues from Federal awards; and
  - (ii) the public does not have access to information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 ([15 U.S.C. 78m\(a\), 78o\(d\)](#)) or section 6104 of the Internal Revenue Code of 1986;
- Other relevant information specified by OMB guidance.

## **NONDISCRIMINATION**

**(applies to subrecipients as well as States)**

The State highway safety agency [and its subrecipients] will comply with all Federal statutes and implementing regulations relating to nondiscrimination (“Federal Nondiscrimination Authorities”). These include but are not limited to:

- *Title VI of the Civil Rights Act of 1964* ([42 U.S.C. 2000d et seq.](#), 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- [49 CFR part 21](#) (entitled *Non-discrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964*);
- [28 CFR 50.3](#) (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);
- *The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970*, ([42 U.S.C. 4601](#)), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- *Federal-Aid Highway Act of 1973*, (23 U.S.C. 324 *et seq.*), and *Title IX of the Education Amendments of 1972*, as amended ([20 U.S.C. 1681-1683](#) and [1685-1686](#)) (prohibit discrimination on the basis of sex);
- *Section 504 of the Rehabilitation Act of 1973*, ([29 U.S.C. 794 et seq.](#)), as amended, (prohibits discrimination on the basis of disability) and [49 CFR part 27](#);
- *The Age Discrimination Act of 1975*, as amended, ([42 U.S.C. 6101 et seq.](#)), (prohibits discrimination on the basis of age);
- *The Civil Rights Restoration Act of 1987*, (Pub. L. 100-209), (broadens scope, coverage, and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the

Federal aid recipients, subrecipients and contractors, whether such programs or activities are Federally-funded or not);

- *Titles II and III of the Americans with Disabilities Act (42 U.S.C. 12131-12189)* (prohibits discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing) and [49 CFR parts 37](#) and [38](#).

The preceding statutory and regulatory cites hereinafter are referred to as the “Acts” and “Regulations,” respectively.

## **GENERAL ASSURANCES**

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

*“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA.”*

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

## SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in § 21.23(b) and (e) of [49 CFR part 21](#) will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

*The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.*
3. The Recipient will insert the clauses of appendix A and E of this Assurance (also referred to as DOT Order 1050.2A) <sup>[1]</sup> in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
  - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
  - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or

structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
- b. the period during which the Recipient retains ownership or possession of the property.

9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The State highway safety agency gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Highway Safety Grant Program. This ASSURANCE is binding on the State highway safety agency, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Highway Safety Grant Program. The person(s) signing below is/are authorized to sign this ASSURANCE on behalf of the Recipient.

#### **THE DRUG-FREE WORKPLACE ACT OF 1988 (41 U.S.C. 8103)**

The State will provide a drug-free workplace by:

- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace, and specifying the actions that will be taken against employees for violation of such prohibition;
- b. Establishing a drug-free awareness program to inform employees about:
  1. The dangers of drug abuse in the workplace;
  2. The grantee's policy of maintaining a drug-free workplace;

3. Any available drug counseling, rehabilitation, and employee assistance programs;
4. The penalties that may be imposed upon employees for drug violations occurring in the workplace;
5. Making it a requirement that each employee engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

- c. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—
  1. Abide by the terms of the statement;
  2. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction;

- d. Notifying the agency within ten days after receiving notice under subparagraph (c)(2) from an employee or otherwise receiving actual notice of such conviction;
- e. Taking one of the following actions, within 30 days of receiving notice under subparagraph (c)(2), with respect to any employee who is so convicted—
  1. Taking appropriate personnel action against such an employee, up to and including termination;
  2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- f. Making a good faith effort to continue to maintain a drug-free workplace through implementation of all of the paragraphs above.

**POLITICAL ACTIVITY (HATCH ACT)**

(applies to subrecipients as well as States)

The State will comply with provisions of the Hatch Act ([5 U.S.C. 1501-1508](#)), which limits the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

**CERTIFICATION REGARDING FEDERAL LOBBYING**

(applies to subrecipients as well as States)

**CERTIFICATION FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS**

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a

Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### **RESTRICTION ON STATE LOBBYING**

**(applies to subrecipients as well as States)**

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

#### **CERTIFICATION REGARDING DEBARMENT AND SUSPENSION**

**(applies to subrecipients as well as States)**

#### **INSTRUCTIONS FOR PRIMARY TIER PARTICIPANT CERTIFICATION (STATES)**

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an

erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded**, as used in this clause, are defined in [2 CFR parts 180](#) and [1200](#). You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary tier participant further agrees by submitting this proposal that it will include the clause titled “Instructions for Lower Tier Participant Certification” including the “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with [2 CFR parts 180](#) and [1200](#).
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under [48 CFR part 9, subpart 9.4](#), debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov>).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under [48 CFR part 9, subpart 9.4](#), suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate the transaction for cause or default.

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY  
MATTERS—PRIMARY TIER COVERED TRANSACTIONS**

1. The prospective primary tier participant certifies to the best of its knowledge and belief, that it and its principals:
  - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;
  - b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
  - c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
  - d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.
2. Where the prospective primary tier participant is unable to certify to any of the Statements in this certification, such prospective participant shall attach an explanation to this proposal.

**INSTRUCTIONS FOR LOWER TIER PARTICIPANT CERTIFICATION**

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of [2 CFR parts 180](#) and [1200](#).
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms **covered transaction**, **civil judgment**, **debarment**, **suspension**, **ineligible**, **participant**, **person**, **principal**, and **voluntarily excluded**, as used in this clause, are defined in [2 CFR parts 180](#) and [1200](#). You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled “Instructions for Lower Tier Participant Certification” including the “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov/>).
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

#### **CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS**

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

## **BUY AMERICA**

**(applies to subrecipients as well as States)**

The State and each subrecipient will comply with the Buy America requirement ([23 U.S.C. 313](#)) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

## **CERTIFICATION ON CONFLICT OF INTEREST**

**(applies to subrecipients as well as States)**

### **GENERAL REQUIREMENTS**

No employee, officer, or agent of a State or its subrecipient who is authorized in an official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward. Based on this policy:

1. The recipient shall maintain a written code or standards of conduct that provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents.
  - a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential subawardees, including contractors or parties to subcontracts.
  - b. The code or standards shall establish penalties, sanctions, or other disciplinary actions for violations, as permitted by State or local law or regulations.
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

### **DISCLOSURE REQUIREMENTS**

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in

organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award. The interest(s) that require disclosure include those of any recipient, affiliate, proposed consultant, proposed subcontractor, and key personnel of any of the above. Past interest shall be limited to within one year of the date of award. Key personnel shall include any person owning more than a 20 percent interest in a recipient, and the officers, employees or agents of a recipient who are responsible for making a decision or taking an action under an award where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

**PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE**  
(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

**POLICY ON SEAT BELT USE**

In accordance with [Executive Order 13043](#), Increasing Seat Belt Use in the United States, dated April 16, 1997, the Grantee is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at [www.trafficsafety.org](http://www.trafficsafety.org). The NHTSA website ([www.nhtsa.gov](http://www.nhtsa.gov)) also provides information on statistics, campaigns, and program evaluations and references.

## **POLICY ON BANNING TEXT MESSAGING WHILE DRIVING**

In accordance with [Executive Order 13513](#), Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or rented vehicles, Government-owned, leased or rented vehicles, or privately-owned vehicles when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

## **SECTION 402 REQUIREMENTS**

1. To the best of my personal knowledge, the information submitted in the annual grant application in support of the State's application for a grant under [23 U.S.C. 402](#) is accurate and complete.
2. The Governor is the responsible official for the administration of the State highway safety program, by appointing a Governor's Representative for Highway Safety who shall be responsible for a State highway safety agency that has adequate powers and is suitably equipped and organized (as evidenced by appropriate oversight procedures governing such areas as procurement, financial administration, and the use, management, and disposition of equipment) to carry out the program. ([23 U.S.C. 402\(b\)\(1\)\(A\)](#))
3. At least 40 percent of all Federal funds apportioned to this State under [23 U.S.C. 402](#) for this fiscal year will be expended by or on behalf of political subdivisions of the State in carrying out local highway safety programs ([23 U.S.C. 402\(b\)\(1\)\(C\)](#)) or 95 percent by and on behalf of Indian tribes ([23 U.S.C. 402\(h\)\(2\)](#)), unless this requirement is waived in writing. (This provision is not applicable to the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.)
4. The State's highway safety program provides adequate and reasonable access for the safe and convenient movement of physically handicapped persons, including those in wheelchairs, across curbs constructed or replaced on or after July 1, 1976, at all pedestrian crosswalks. ([23 U.S.C. 402\(b\)\(1\)\(D\)](#))
5. As part of a comprehensive program, the State will support a data-based traffic safety enforcement program that fosters effective community collaboration to increase public safety, and data collection and analysis to ensure transparency, identify disparities in traffic enforcement, and inform traffic enforcement policies, procedures, and activities. ([23 U.S.C. 402\(b\)\(1\)\(E\)](#))
6. The State will implement activities in support of national highway safety goals to reduce motor vehicle related fatalities that also reflect the primary data-related crash factors within the State, as identified by the State highway safety planning process, including:

- Participation in the National high-visibility law enforcement mobilizations as identified annually in the NHTSA Communications Calendar, including not less than 3 mobilization campaigns in each fiscal year to—
  - Reduce alcohol-impaired or drug-impaired operation of motor vehicles; and
  - Increase use of seat belts by occupants of motor vehicles;
- Sustained enforcement of statutes addressing impaired driving, occupant protection, and driving in excess of posted speed limits;
- An annual statewide seat belt use survey in accordance with 23 CFR part 1340 for the measurement of State seat belt use rates, except for the Secretary of Interior on behalf of Indian tribes;
- Development of statewide data systems to provide timely and effective data analysis to support allocation of highway safety resources;
- Coordination of triennial Highway Safety Plan, data collection, and information systems with the State strategic highway safety plan, as defined in 23 U.S.C. 148(a); and
- Participation in the Fatality Analysis Reporting System (FARS), except for American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, or the United States Virgin Islands

7. The State will actively encourage all relevant law enforcement agencies in the State to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect. (23 U.S.C. 402(j))
8. The State will not expend Section 402 funds to carry out a program to purchase, operate, or maintain an automated traffic enforcement system, except in a work zone or school zone. (23 U.S.C. 402(c)(4))

I understand that my statements in support of the State's application for Federal grant funds are statements upon which the Federal Government will rely in determining qualification for grant funds, and that knowing misstatements may be subject to civil or criminal penalties under 18 U.S.C. 1001. I sign these Certifications and Assurances based on personal knowledge, and after appropriate inquiry.

## Appendix B to Part 1300—Application Requirements for Section 405 and Section 1906 Grants

*[Each fiscal year, to apply for a grant under [23 U.S.C. 405](#) or Section 1906, [Public Law 109-59](#), as amended by Section 25024, [Public Law 117-58](#), the State must complete and submit all required information in this appendix, and the Governor's Representative for Highway Safety must sign the Certifications and Assurances.]*

State: \_\_\_\_\_ Fiscal Year: \_\_\_\_\_

---

**Instructions: Check the box for each part for which the State is applying for a grant, fill in relevant blanks, and identify the attachment number or page numbers where the requested information appears in the Highway Safety Plan. Attachments may be submitted electronically.**

---

### **PART 1: OCCUPANT PROTECTION GRANTS ([23 CFR 1300.21](#))**

*[Check the box above **only** if applying for this grant.]*

#### **ALL STATES**

*[Fill in all blanks below.]*

- The State's occupant protection program area plan for the upcoming fiscal year is provided in the annual grant application at \_\_\_\_\_ (location).
- The State will participate in the Click it or Ticket national mobilization in the fiscal year of the grant. The description of the State's planned participation is provided in the annual grant application at \_\_\_\_\_ (location).
- Projects demonstrating the State's active network of child restraint inspection stations are provided in the annual grant application at \_\_\_\_\_ (location). Such description includes estimates for: (1) the total number of planned inspection stations and events during the upcoming fiscal year; and (2) within that total, the number of planned inspection stations and events serving each of the following population categories: urban, rural, and at-risk. The planned inspection stations/events provided in the annual grant application are staffed with at least one current nationally Certified Child Passenger Safety Technician.
- Projects, as provided in the annual grant application at \_\_\_\_\_ (location), that include estimates of the total number of classes and total number of technicians to be trained in the upcoming fiscal year to ensure coverage of child passenger safety inspection stations and inspection events by nationally Certified Child Passenger Safety Technicians.

## LOWER SEAT BELT USE STATES ONLY

*[Check at least 3 boxes below and fill in all blanks under those checked boxes.]*

- The State's primary seat belt use law, requiring all occupants riding in a passenger motor vehicle to be restrained in a seat belt or a child restraint, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.
  - *Legal citation(s):*  
\_\_\_\_\_
- The State's occupant protection law, requiring occupants to be secured in a seat belt or age-appropriate child restraint while in a passenger motor vehicle and a minimum fine of \$25, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date) and is in effect and will be enforced during the fiscal year of the grant.
  - *Legal citation(s):*
    - Requirement for all occupants to be secured in seat belt or age-appropriate child restraint;
    - Coverage of all passenger motor vehicles;
    - Minimum fine of at least \$25;
    - Exemptions from restraint requirements.
- Projects demonstrating the State's seat belt enforcement plan are provided in the annual grant application at \_\_\_\_\_ (location).
- The projects demonstrating the State's high risk population countermeasure program are provided in the annual grant application at \_\_\_\_\_ (location).
- The State's comprehensive occupant protection program is provided as follows:
  - Date of NHTSA-facilitated program assessment conducted within 5 years prior to the application date: \_\_\_\_\_ (date);
  - Multi-year strategic plan: annual grant application or triennial HSP at \_\_\_\_\_ (location);
  - The name and title of the State's designated occupant protection coordinator is \_\_\_\_\_.
  - The list that contains the names, titles, and organizations of the statewide occupant protection task force membership: annual grant application at \_\_\_\_\_ (location).

- The State's NHTSA-facilitated occupant protection program assessment of all elements of its occupant protection program was conducted on \_\_\_\_\_ (date) (within 5 years of the application due date);

**PART 2: STATE TRAFFIC SAFETY INFORMATION SYSTEM IMPROVEMENTS GRANTS (23 CFR 1300.22)**

*[Check the box above only if applying for this grant.]*

**ALL STATES**

- The State has a functioning traffic records coordinating committee that meets at least 3 times each year.
- The State has designated a TRCC coordinator.
- The State has established a State traffic records strategic plan, updated annually, that has been approved by the TRCC and describes specific quantifiable and measurable improvements anticipated in the State's core safety databases, including crash, citation or adjudication, driver, emergency medical services or injury surveillance system, roadway, and vehicle databases.
- [ *Fill in the blank below.*] Written description of the performance measure(s), and all supporting data, that the State is relying on to demonstrate achievement of the quantitative improvement in the preceding 12 months of the application due date in relation to one or more of the significant data program attributes is provided in the annual grant application at \_\_\_\_\_ (location).

**PART 3: IMPAIRED DRIVING COUNTERMEASURES (23 CFR 1300.23(D)-(F))**

*[Check the box above only if applying for this grant.]*

**ALL STATES**

- The State will use the funds awarded under [23 U.S.C. 405\(d\)](#) only for the implementation of programs as provided in [23 CFR 1300.23\(j\)](#).

**MID-RANGE STATES ONLY**

*[ Check one box below and fill in all blanks under that checked box.]*

- The State submits its statewide impaired driving plan approved by a statewide impaired driving task force on \_\_\_\_\_ (date). Specifically:

- Annual grant application at \_\_\_\_\_ (location)  
describes the authority and basis for operation of the statewide impaired driving task force;
- Annual grant application at \_\_\_\_\_ (location)  
contains the list of names, titles, and organizations of all task force members;
- Annual grant application at \_\_\_\_\_ (location)  
contains the strategic plan based on Highway Safety Guideline No. 8—Impaired Driving.

The State has previously submitted a statewide impaired driving plan approved by a statewide impaired driving task force on \_\_\_\_\_ (date) and continues to use this plan.

#### **HIGH-RANGE STATE ONLY**

*[ Check one box below and fill in all blanks under that checked box.]*

The State submits its statewide impaired driving plan approved by a statewide impaired driving task force on \_\_\_\_\_ (date) that includes a review of a NHTSA-facilitated assessment of the State's impaired driving program conducted on \_\_\_\_\_ (date). Specifically:

- Annual grant application at \_\_\_\_\_ (location)  
describes the authority and basis for operation of the statewide impaired driving task force;
- Annual grant application at \_\_\_\_\_ (location)  
contains the list of names, titles, and organizations of all task force members;
- Annual grant application at \_\_\_\_\_ (location)  
contains the strategic plan based on Highway Safety Guideline No. 8—Impaired Driving;
- Annual grant application at \_\_\_\_\_ (location)  
addresses any related recommendations from the assessment of the State's impaired driving program;
- Annual grant application at \_\_\_\_\_ (location)  
contains the projects, in detail, for spending grant funds;

- Annual grant application at \_\_\_\_\_ (location)  
describes how the spending supports the State's impaired driving program and achievement of its performance targets.
- The State submits an updated statewide impaired driving plan approved by a statewide impaired driving task force on \_\_\_\_\_ (date) and updates its assessment review and spending plan provided in the annual grant application at \_\_\_\_\_ (location).

#### **PART 4: ALCOHOL-IGNITION INTERLOCK LAWS (23 CFR 1300.23(G))**

*[Check the box above only if applying for this grant.]*

*[Check one box below and fill in all blanks under that checked box.]*

- The State's alcohol-ignition interlock law, requiring all individuals convicted of driving under the influence or of driving while intoxicated to drive only motor vehicles with alcohol-ignition interlocks for a period of not less than 180 days, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.
  - *Legal citations:*
    - Requirement for alcohol-ignition interlocks for all DUI offenders for not less than 180 days;
    - \_\_\_\_\_
    - Identify all alcohol-ignition interlock use exceptions.
- The State's alcohol-ignition interlock law, requiring an individual convicted of driving under the influence of alcohol or of driving while intoxicated, and who has been ordered to use an alcohol-ignition interlock, and does not permit the individual to receive any driving privilege or driver's license unless the individual installs on each motor vehicle registered, owned, or leased by the individual an alcohol-ignition interlock for a period of not less than 180 days, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.

- *Legal citations:*
  - Requirement for installation of alcohol ignition-interlocks for DUI offenders for not less than 180 days;
  - Identify all alcohol-ignition interlock use exceptions.

---
- The State's alcohol-ignition interlock law, requiring an individual convicted of, or the driving privilege of whom is revoked or denied, for refusing to submit to a chemical or other appropriate test for the purpose of determining the presence or concentration of any intoxicating substance, and who has been ordered to use an alcohol-ignition interlock, requires the individual to install on each motor vehicle to be operated by the individual an alcohol-ignition interlock for a period of not less than 180 days, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant; and

The State's compliance-based removal program, requiring an individual convicted of driving under the influence of alcohol or of driving while intoxicated, and who has been ordered to use an alcohol-ignition interlock, requires the individual to install on each motor vehicle to be operated by the individual an alcohol-ignition interlock for a period of not less than 180 days, was enacted (if a law) or implemented (if a program) on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant; and

State's compliance-based removal program, requiring completion of a minimum consecutive period of not less than 40 percent of the required period of alcohol-ignition interlock installation immediately prior to the end of the individual's installation requirement, without a confirmed violation of the State's alcohol-ignition interlock program use requirements, was enacted (if a law) or implemented (if a program) on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.

- *Legal citations:*
  - Requirement for installation of alcohol-ignition interlocks for refusal to submit to a test for 180 days;
  - Requirement for installation of alcohol ignition-interlocks for DUI offenders for not less than 180 days;
  - Requirement for completion of minimum consecutive period of not less than 40 percent of the required period of alcohol-interlock use;

---

- Identify list of alcohol-ignition interlock program use violations;

---

- Identify all alcohol-ignition interlock use exceptions.

---

## **PART 5: 24-7 SOBRIETY PROGRAMS (23 CFR 1300.23(H))**

*[ Check the box above only if applying for this grant.]*

*[ Fill in all blanks.]*

The State provides citations to a law that requires all individuals convicted of driving under the influence or of driving while intoxicated to receive a restriction on driving privileges that was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.

○ *Legal citation(s):*

---

*[ Check at least one of the boxes below and fill in all blanks under that checked box.]*

*Law citation.* The State provides citations to a law that authorizes a statewide 24-7 sobriety program that was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.

○ *Legal citation(s):*

---

*Program information.* The State provides program information that authorizes a statewide 24-7 sobriety program. The program information is provided in the annual grant application at \_\_\_\_\_ (location).

---

## **PART 6: DISTRACTED DRIVING GRANTS (23 CFR 1300.24)**

*[Check the box above only if applying for this grant and check the box(es) below for each grant for which you wish to apply.]*

The State has conformed its distracted driving data to the most recent Model Minimum Uniform Crash Criteria (MMUCC) and will provide supporting data (*i.e.*, the State's most

recent crash report with distracted driving data element(s)) within 30 days after notification of award.

## **DISTRACTED DRIVING AWARENESS GRANT**

The State provides sample distracted driving questions from the State's driver's license examination in the annual grant application at \_\_\_\_\_ (location).

## **DISTRACTED DRIVING LAW GRANTS**

**Prohibition on Texting While Driving**

State's texting ban statute, prohibiting texting while driving and requiring a fine, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.

○ *Legal citations:*

- Prohibition on texting while driving;
- Definition of covered wireless communication devices;
- Fine for an offense;
- Exemptions from texting ban.

**Prohibition on Handheld Phone Use While Driving**

The State's handheld phone use ban statute, prohibiting a driver from holding a personal wireless communications device while driving and requiring a fine for violation of the law, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.

○ *Legal citations:*

- Prohibition on handheld phone use;
- Definition of covered wireless communication devices;
- Fine for an offense;
- Exemptions from handheld phone use ban.

**Prohibition on Youth Cell Phone Use While Driving**

The State's youth cell phone use ban statute, prohibiting youth cell phone use while driving, and requiring a fine, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.

- *Legal citations:*
  - Prohibition on youth cell phone use while driving;
  - Definition of covered wireless communication devices;
  - Fine for an offense;
  - Exemptions from youth cell phone use ban
- **Prohibition on Viewing Devices While Driving**

The State's viewing devices ban statute, prohibiting drivers from viewing a device while driving, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant

  - *Legal citations:*
    - Prohibition on viewing devices while driving;
    - Definition of covered wireless communication devices;

## **PART 7: MOTORCYCLIST SAFETY GRANTS (23 CFR 1300.25)**

*[ Check the box above only if applying for this grant.]*

*[ Check at least 2 boxes below and fill in all blanks under those checked boxes only.]*

- **Motorcycle Rider Training Course**
  - The name and organization of the head of the designated State authority over motorcyclist safety issues is \_\_\_\_\_
  - The head of the designated State authority over motorcyclist safety issues has approved and the State has adopted one of the following introductory rider curricula:

*[Check at least one of the following boxes below and fill in any blanks.]*

    - Motorcycle Safety Foundation Basic Rider Course;
    - TEAM OREGON Basic Rider Training;
    - Idaho STAR Basic I;
    - California Motorcyclist Safety Program Motorcyclist Training Course;
    - Other curriculum that meets NHTSA's Model National Standards for Entry-Level Motorcycle Rider Training and that has been approved by NHTSA.
  - In the annual grant application at \_\_\_\_\_ (location), a list of counties or political subdivisions in the State where motorcycle rider training courses will be conducted during the fiscal year of the

grant AND number of registered motorcycles in each such county or political subdivision according to official State motor vehicle records.

**Motorcyclist Awareness Program**

- The name and organization of the head of the designated State authority over motorcyclist safety issues is \_\_\_\_\_.
- The State's motorcyclist awareness program was developed by or in coordination with the designated State authority having jurisdiction over motorcyclist safety issues.
- In the annual grant application at \_\_\_\_\_ (location), performance measures and corresponding performance targets developed for motorcycle awareness that identify, using State crash data, the counties, or political subdivisions within the State with the highest number of motorcycle crashes involving a motorcycle and another motor vehicle.
- In the annual grant application at \_\_\_\_\_ (location), the projects demonstrating that the State will implement data-driven programs in a majority of counties or political subdivisions where the incidence of crashes involving a motorcycle and another motor vehicle is highest, and a list that identifies, using State crash data, the counties or political subdivisions within the State ranked in order of the highest to lowest number of crashes involving a motorcycle and another motor vehicle per county or political subdivision.

**Helmet Law**

- The State's motorcycle helmet law, requiring the use of a helmet for each motorcycle rider under the age of 18, was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.
  - *Legal citation(s):*

---

**Reduction of Fatalities and Crashes Involving Motorcycles**

- Data showing the total number of motor vehicle crashes involving motorcycles is provided in the annual grant application at \_\_\_\_\_ (location).
- Description of the State's methods for collecting and analyzing data is provided in the annual grant application at \_\_\_\_\_ (location).

**Impaired Motorcycle Driving Program**

- In the annual grant application or triennial HSP at \_\_\_\_\_ (location), performance measures and corresponding performance targets developed to reduce impaired motorcycle operation.
- In the annual grant application at \_\_\_\_\_ (location), countermeasure strategies and projects demonstrating that the State will implement data-driven programs designed to reach motorcyclists and motorists in those jurisdictions where the incidence of motorcycle crashes involving an impaired operator is highest (*i.e.*, the majority of counties or political

subdivisions in the State with the highest numbers of motorcycle crashes involving an impaired operator) based upon State data.

**Reduction of Fatalities and Crashes Involving Impaired Motorcyclists**

- Data showing the total number of reported crashes involving alcohol-impaired and drug-impaired motorcycle operators are provided in the annual grant application at \_\_\_\_\_ (location).
- Description of the State's methods for collecting and analyzing data is provided in the annual grant application at \_\_\_\_\_ (location).

**Use of Fees Collected From Motorcyclists for Motorcycle Programs**

*[Check one box only below and fill in all blanks under the checked box only.]*

- Applying as a Law State—

- The State law or regulation requires all fees collected by the State from motorcyclists for the purpose of funding motorcycle training and safety programs are to be used for motorcycle training and safety programs.

*Legal citation(s):*

\_\_\_\_\_.

AND

The State's law appropriating funds for FY \_\_\_ demonstrates that all fees collected by the State from motorcyclists for the purpose of funding motorcycle training and safety programs are spent on motorcycle training and safety programs.

*Legal citation(s):*

\_\_\_\_\_.

- Applying as a Data State—

- Data and/or documentation from official State records from the previous fiscal year showing that *all* fees collected by the State from motorcyclists for the purpose of funding motorcycle training and safety programs were used for motorcycle training and safety programs is provided in the annual grant application at \_\_\_\_\_ (location).

## **PART 8: NONMOTORIZED SAFETY GRANTS (23 CFR 1300.26)**

*[Check the box above only if applying for this grant and only if NHTSA has identified the State as eligible because the State annual combined nonmotorized road user fatalities exceed 15 percent of the State's total annual crash fatalities based on the most recent calendar year final FARS data, then fill in the blank below.]*

The list of project(s) and subrecipient(s) information that the State plans to conduct under this program is provided in the annual grant application at

\_\_\_\_\_ (location(s)).

## **PART 9: PREVENTING ROADSIDE DEATHS GRANTS (23 CFR 1300.27)**

*[Check the box above only if applying for this grant, then fill in the blank below.]*

The State's plan describing the method by which the State will use grant funds is provided in the annual grant application at

\_\_\_\_\_ (location(s)).

## **PART 10: DRIVER AND OFFICER SAFETY EDUCATION GRANTS (23 CFR 1300.28)**

*[Check the box above only if applying for this grant.]*

*[Check one box only below and fill in required blanks under the checked box only.]*

**Driver Education and Driving Safety Courses**

*[Check one box only below and fill in all blanks under the checked box only.]*

○ Applying as a law State—

- The State law requiring that driver education and driver safety courses include instruction and testing related to law enforcement practices during traffic stops was enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.
- *Legal citation(s):*  
\_\_\_\_\_.

○ Applying as a documentation State—

- The State has developed and is implementing a driver education and driving safety course throughout the State that require driver education and driver safety courses to include instruction and testing related to law enforcement practices during traffic stops.
- Curriculum or course materials, and citations to grant required topics within, are provided in the annual grant application at

\_\_\_\_\_ (location).

**Peace Officer Training Programs**

*[Check one box only below and fill in all blanks under the checked box only.]*

○ Applying as a law State—

- The State law requiring that the State has developed and implemented a training program for peace officers and reserve law enforcement officers with respect to proper interaction with civilians during traffic stops was

enacted on \_\_\_\_\_ (date) and last amended on \_\_\_\_\_ (date), is in effect, and will be enforced during the fiscal year of the grant.

- *Legal citation(s):*

- Applying as a documentation State—

- The State has developed and is implementing a training program for peace officers and reserve law enforcement officers with respect to proper interaction with civilians during traffic stops.
- Curriculum or course materials, and citations to grant required topics within, are provided in the annual grant application at \_\_\_\_\_.

(location).

- Applying as a qualifying State—

- A proposed bill or planning or strategy documents that identify meaningful actions that the State has taken and plans to take to develop and implement a qualifying law or program is provided in the annual grant application at \_\_\_\_\_.
- A timetable for implementation of a qualifying law or program within 5 years of initial application for a grant under this section is provided in the annual grant application at \_\_\_\_\_.

(location).

\_\_\_\_\_.

## **PART 11: RACIAL PROFILING DATA COLLECTION GRANTS (23 CFR 1300.29)**

*[Check the box above only if applying for this grant.]*

*[Check one box only below and fill in all blanks under the checked box only.]*

- The official document(s) (i.e., a law, regulation, binding policy directive, letter from the Governor or court order) demonstrates that the State maintains and allows public inspection of statistical information on the race and ethnicity of the driver for each motor vehicle stop made by a law enforcement officer on all public roads except those classified as local or minor rural roads are provided in the annual grant application at \_\_\_\_\_.
- The projects that the State will undertake during the fiscal year of the grant to maintain and allow public inspection of statistical information on the race and ethnicity of the driver for each motor vehicle stop made by a law enforcement officer on all public roads except those classified as local or minor rural roads are provided in the annual grant application at \_\_\_\_\_.

*In my capacity as the Governor's Representative for Highway Safety, I hereby provide the following certifications and assurances —*

- I have reviewed the above information in support of the State's application for 23 U.S.C. 405 and Section 1906 grants, and, based on my review, the information is accurate and complete to the best of my personal knowledge.
- As condition of each grant awarded, the State will use these grant funds in accordance with the specific statutory and regulatory requirements of that grant, and will comply with all applicable laws, regulations, and financial and programmatic requirements for Federal grants.
- I understand and accept that incorrect, incomplete, or untimely information submitted in support of the State's application may result in the denial of a grant award.

Col. Mark A. Yon #275
