Executive Summary

The Idaho Transportation Department's Office of Highway Safety (OHS) is proud to partner with the National Highway Traffic Safety Administration (NHTSA) as we work toward reducing and ultimately eliminating fatalities and serious injuries on Idaho's roads.

Idaho fatalities have decreased this year following a dramatic increase in 2021. OHS has used the NHTSA funds to focus on activities related to educating the public and supporting law enforcement who are on the road each day, working hard to save lives. These activities align with what was established in the FFY '22 Highway Safety Plan and the five-year Strategic Highway Safety Plan. Here is a look back at some of the highlights of this past year:

- Idaho's Seat Belt Use Rate increased substantially, from 82.9% in 2021 to 87.6% in 2022.
- Four Idaho counties were recognized in FFY '21 for zero fatalities in CY 2021: Bear Lake, Power, Shoshone, and Franklin.
- OHS partnered with the Department of Education and STEM to create a module for Idaho schools to create Algebra I math lessons that utilize the AASHTOWareSafety crash dashboards.
- Over 50 law enforcement agencies participated in six statewide HVE mobilizations.
- Our annual Highway Safety Summit had 250 attendees avail of this opportunity to network with their peers and attend various traffic safety-related training workshops. Attendees also listened to nationally renowned keynote speakers who provided engaging presentations.
- Our Shift message and community partners who support our efforts continue to grow. It includes
 Learfield Sports, Boise Hawks, Idaho Falls Chukars, Grease Monkey, Idaho Power, D93 News, NFHS,
 State Farm, Idahosports.com, AMI Entertainment, Duft & Watterson, Riester, Office of Drug Policy,
 MADD, Alliance for Highway Safety, SADD, STEM, Department of Education, AAA and many more.
- Shift-Idaho.org was relaunched this spring, making the website moreuser-friendly for both our grantees and the general public. The revamped website includes a new blog feature and downloadable content for users.
- Our paid media campaigns continue to win awards for advertising excellence, including the Best Overall Campaign: Budget Over \$50k in the American Association of Motor Vehicle Administrators (AAMVA) Public Affairs and Consumer Education Awards in 2022.

Partnerships and engagement were important themes in FFY '22: working together toward a common goal of saving lives. As you read this Annual Report, take note of the partnerships that were established and strengthened as these activities were carried out. Focus on the engagement of those who cared enough to make a difference in their communities.

Thank you to everyone who took part in this important effort for highway safety!

Josephine Middleton

Josephine Hiddleton

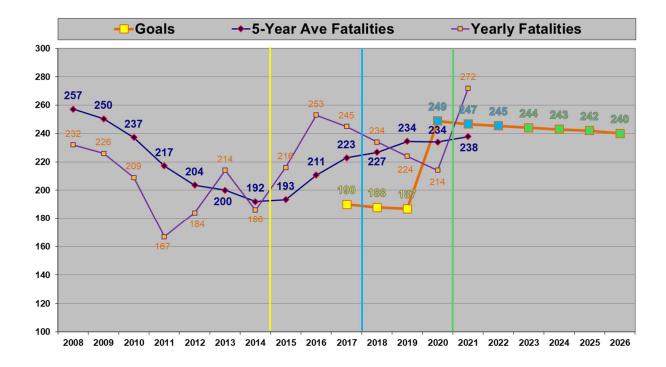

Highway Safety Manager

Performance Measures and Targets

As evidenced in the graph below, the trend of the 5 year average fatalities from 2007 to 2014 was decreasing and the goals were set in accordance with that decreasing trend. In the time since the goals were set, fatalities have increased, resulting in the goals not being achieved. The vertical Yellow line denotes the data that was available when the yellow targets were set, the vertical blue line denotes the data that was available (up to 2017) when the blue targets (2020-2022) were set, and the green line denotes the data that was available when the green targets (2023-2026) were set.

The performance measures have been reassessed and new goals have been set for FFY2023 and future Highway Safety Plans.

GHSA/NHTSA Recommended/Optional Core Performance Measure Target Chart – FY2022 Annual Report

| | | Assessment of Results in Achieving Performance Targets for FY22 and FY21 | | | | | | | |
|--|------------------|--|--------------------------------|--------------------------------------|---|-----------------------------|-------------------|--------------------------------------|------------------------------|
| | FY 2022 | | | FY 2021 | | | | | |

2021 FARS & FHWA data is not available for assessing progress of the performance measures as of 12/27/2022.

Several targets were not met in FY21 by a narrow margin. The state has adjusted the FY23 HSP to expand our community outreach and paid media awareness campaigns to address C-9, C-10, and C-11, which are each primary focus areas in our plan. OHS is also in the process of identifying the *Idaho SHSP 2021-2025 focus groups that need to be engaged to address the Idaho targets that were not met in areas that are not primary focus areas in the HSP.

- C-9) Drivers age 20 or younger involved in fatal crashes target 31, actual 33
- C-10) Pedestrian Fatalities target 14, actual 15.
- C-11) Bicyclist Fatalities target 3, actual 4
- *I2) Drivers >= 65 in fatal crashes target 48, actual 51
- *I3) Commercial Motor Vehicle fatalities target 38, actual 44
- *I5) Head-on/Side-Swipe opposite fatalities target 42, actual 51
- *I6) Intersection-related fatalities target 46, actual 48

^{*}States have the option of evaluating the target achievement with the most recent State <u>or</u> FARS data, not both, for all measures excluding C-1 – C-3. See Instructions for details.

^{**}For FY22, if the response is No (N) for any performance measures, the SHSO is required to separately provide within the Annual Report a description of how the SHSO will adjust its upcoming (FY23) HSP to better meet the performance target(s).

A summary of findings for 2021

- The number of motor vehicle crashes increased by 22 percent, from 22,528 in 2020 to 27,547 in 2021. The number of fatalities resulting from motor vehicle crashes increased from 214 in 2020 to 271 in 2021, a 27 percent increase. The number of fatal crashes increased from 188 in 2020 to 244 in 2021. The number of suspected serious injuries increased from 1,102 in 2020 to 1,367 in 2021, a 24 percent increase.
- Idaho's fatality rate per 100 million vehicle miles traveled was 1.40 in 2021, up from 1.23 in 2020.
- While 65 percent of all motor vehicle crashes occurred on urban roadways, 68 percent of the fatal motor vehicle crashes occurred on rural roadways in 2021.
- Fatalities resulting from impaired driving crashes increased in 2021 by 17 percent and 40 percent of all fatalities resulted from impaired driving. Of the 108 people killed in impaired driving crashes, 91 (84 percent) were either the impaired driver, a person riding with an impaired driver, or an impaired pedestrian.
- Idaho's observed seat belt was 82.9 percent in 2021. No observational survey was done in 2020 due
 to COVID-19. Only 36 percent of the motor vehicle occupants killed in crashes were wearing seat
 belts. If everyone had been wearing seat belts, 52 of the 103 unbelted motor vehicle occupants may
 have been saved.
- Aggressive driving was a contributing factor in 48 percent of the motor vehicle crashes and 94 people were killed in aggressive driving crashes in 2021.
- Distracted driving was a factor in 18 percent of the motor vehicle crashes in 2021 and 30 people were killed in distracted driving crashes.
- Youthful drivers, ages 15 to 19, continue to be over-involved in motor vehicle crashes. In 2021, youthful drivers were 2.4 times as likely as all other drivers to be involved in a fatal or injury crash. There were 34 people killed in crashes involving youthful drivers in 2021.
- The number of motorcyclists killed in motor vehicle crashes increased to 32 in 2021. More than two-thirds (69 percent) of fatal motorcycle crashes in 2021 involved just the motorcycle and just under a third (31 percent) of fatal motorcycle crashes involved an impaired motorcycle driver.
- There were 22 pedestrians and 3 bicyclists killed in motor vehicle crashes in 2021.
- Fatal crashes involving commercial motor vehicles increased from 37 in 2020 to 38 in 2021. The number of injury crashes involving commercial motor vehicles increased by 14 percent. There were 43 people killed and 1,218 people injured in commercial motor vehicle crashes in 2021.

Grant Funded High Visibility Enforcement Arrest-Citation Summary

| | Seat Belt | DUI | Speeding |
|---------------------|-----------|-----|----------|
| ISP | 744 | 128 | 2174 |
| ISP DUI Strike Team | 5 | 24 | 9 |

| Mini Grants | 20 | 12 | 199 |
| HVE Mobilizations | 907 | 45 | 3064 |
| TOTALS | 2,916 | 468 | 9,722 |

Boarder to boarder enforcement: Idaho agencies work together to keep Idaho's roads safe and eliminate fatalities for unbelted vehicle occupants.

HVE Mobilizations

| Description | Dates |
|---------------------------------------|-------------------------------------|
| Holiday Impaired Driving | December 17, 2021 – January 1, 2022 |
| Distracted Driving | April 19-29, 2022 |
| Seat Belt CIOT | May 16-June 3, 2022 |
| July 4 th Impaired Driving | July 1-9, 2022 |
| Summer Aggressive Driving | July 18-31, 2022 |
| Labor Day Impaired Driving | August 19-September 5, 2022 |

As part of each mobilization, participating agencies publicize the HVE efforts with local media contacts to increase awareness and provide results before, during, and after mobilizations. Idaho closely mirrors NHTSA's timeline for media. OHS distributes a press release template prior to the mobilization to the participating agencies. The agencies used the information in the press release to generate 396 outreach efforts, the majority being social media, and earned media generated by local news outlets.

HVE Mobilization Participation Numbers

| District | Sheriff Office | Police Dept. | Total LE Agencies |
|----------|----------------|--------------|-------------------|
| 1 | 1 | 5 | 6 |
| 2 | 3 | 2 | 5 |
| 3 | 6 | 9 | 15 |
| 4 | 2 | 3 | 5 |
| 5 | 5 | 9 | 14 |
| 6 | 3 | 3 | 6 |
| TOTALS | 20 | 31 | 46 |

The OHS has a year-long grant with the Idaho State Police to provide sustained high visibility enforcement throughout the year. In addition to participating in every HVE mobilization, ISP officers are working additional focused enforcement. Enforcement is conducted using data-driven approaches in order to achieve success. Idaho has 44 county sheriff offices and 75 police departments. The Idaho State Police also participated in all HVE mobilizations. Below is a list of the agencies that participated in the 2022 mobilizations:

Lewiston Police Department, Bingham County Sheriff's Office, and Blackfoot Police Department had STEP grants. Each STEP grant was for sustained traffic enforcement. Boise Police Department, Moscow Police Department, Meridian Police Department, and Nampa Police Department had year-long grants for sustained enforcement. All year-longs grant recipients participate in the scheduled HVE mobilizations. There was a decrease in the number of agencies that participated in the mobilizations. Reasons for non-participation include lack of staff and public sentiment towards enforcement.

| | Police Departments | | | | | | |

| Unique Identifier | SDD2201 | DD-2022-01-00-00 | H40222 |
| Primary Countermeasure | Behavioral Safety Education | | |
| Planned Activity Description | Provide support and resource | s for education and outrea | ich that promote |
| | safe driving, free from distractions. | | |
| Intended Recipient(s) | Office of Highway Safety | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of distracted driving fatalities to 54 or | | |
| | fewer. | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | No funds were expended on this project in FY22 because OHS had | | |
| performance measure. | procured sufficient educational outreach materials for the new hands-free | | |
| | law during the prior year. | | |

| Planned Activity Name | Distracted Driving HVE Mini-Grants | | |
|---|---|-----------------------|--|
| Unique Identifier | SDD2202 DD-2022-02-00-00 H40222 | | |
| Primary Countermeasure | High Visibility Cellphone/Text | Messaging Enforcement | |
| Planned Activity Description | Distracted driving high visibility enforcement emphasizing the primary | | |
| | hands-free law. | | |
| Intended Recipient(s) | Law Enforcement Agencies | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of distracted driving fatalities to 54 or | | |
| | fewer. | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state performance measure. | Five local agencies applied for distracted driving mini-grants; the activity generated a total of 77 traffic citations speeding tickets and 148 warnings. | | |

| Planned Activity Name | HVE - Distracted Driving , Nat'l DD Awareness Month | | |
|--------------------------------------|--|---------------------------------|---------------------|
| Unique Identifier | SDD22EA | DD-2022-EA-00-00 | H40222 |
| Primary Countermeasure | High Visibility Cellphone/Text | Messaging Enforcement | |
| Planned Activity Description | Statewide distracted driving h | igh visibility enforcement | mobilization to |
| | eliminate distracted driving re | elated traffic fatalities, seri | ous injuries and |
| | economic loss. | | |
| Intended Recipient(s) | Law Enforcement Agencies | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of distracted driving fatalities to 54 or | | |
| | fewer. | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | Idaho had 57 local agencies, Idaho State Police, and 9 year-long grantees | | |
| performance measure. | participate in this statewide mobilization. The activity generated 325 | | |
| | distracted driving citations, 72 | 24-speed citations, 127 sea | tbelt citations, 19 |
| | alcohol citations and 8 drug ci | tations. | |

Program Area: Impaired Driving (Drug and Alcohol)

| Planned Activity Name | Impaired Driving Program Area Management (402) | | |
|--------------------------------------|---|------------------------------|-----------------|
| Unique Identifier | S0022AL | AL-2022-AL-00-00 | H40222 |
| Primary Countermeasure | Highway Safety Office Program | n Management | |
| Planned Activity Description | Funding will provide developm | nent and support to imple | ment and manage |
| | impaired driving projects. | | |
| Intended Recipient(s) | Office of Highway Safety | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of fatalities involving drivers with a | | |
| | Blood Alcohol Content (BAC) of 0.08 or greater to 73 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | Personnel time dedicated to managing alcohol impaired driving grants as | | |
| performance measure. | well as time dedicted to edcation and oureach which extends information | | |
| | to all highway safety partners and the public, increasing safe drivng | | |
| | behaviors to reduce traffic cra | sh fatal and serious injurie | 2S. |

| Planned Activity Name | Impaired Driving Statewide Services (402) | | |
|--------------------------------------|--|------------------------|--------|
| Unique Identifier | SAL2201 | AL-2022-01-00-00 | H40D22 |
| Primary Countermeasure | Communication & Outreach: S | Supporting Enforcement | |
| Planned Activity Description | Implement strategies to educate Idahoans on the dangers and effects of | | |
| | impaired driving and to provide education and training to law | | |
| | enforcement, judicial, probation and prosecutorial professionals regarding | | |
| | the enforcement and adjudication of Idaho DUI laws. | | |
| Intended Recipient(s) | Office of Highway Safety | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of fatalities involving drivers with a | | |
| | Blood Alcohol Content (BAC) of 0.08 or greater to 73 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |

| Contribution(s) to meeting the state performance measure. | Printed educational materials to hand out to the public regarding the ABC's of BAC as well as the "Cost of a DU"I in Idaho. | | |
|---|---|---------------------------|--------|
| Planned Activity Name | Impaired Driving Statewide Services (405d) | | |
| Unique Identifier | SID2201 | M5X-2022-01-00-00 | H40D21 |
| Primary Countermeasure | Alcohol Impairment: Detection | n, Enforcement and Sancti | ons |
| Planned Activity Description | Funding for impaired driving targeted enforcement mini-grants for special | | |
| | events as well as the tools to support enforcement efforts. | | |
| Intended Recipient(s) | Law Enforcement Agencies | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of fatalities involving drivers with a | | |
| | Blood Alcohol Content (BAC) of 0.08 or greater to 73 or fewer | | |
| FY 2022 target, on track to meet? | Y | | |
| Contribution(s) to meeting the state | Funded 9 alcohol related mini grants that resulted in 10 DUIs, 24 speed | | |
| performance measure. | citations, 12 seat belt citations, and 90 contacts. | | |

The holidays are merrier when you're here for them. Get a sober ride home.

| Planned Activity Name | Traffic Safety Resource Prosecutor (TSRP) | | |
|--------------------------------------|---|--------------------|--------|
| Unique Identifier | SID2202 | M5CS-2022-02-00-00 | H40D22 |
| Primary Countermeasure | Traffic Safety Resource Prose | cutor | |
| Planned Activity Description | Fund a Traffic Safety Resource Prosecutor for Idaho to provide legal research, guidance, technical assistance and training as it relates to successful prosecution of traffic laws. | | |
| Intended Recipient(s) | Idaho Prosecuting Attorneys Association | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of fatalities involving drivers with a | | |
| | Blood Alcohol Content (BAC) of 0.08 or greater to 73 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | The Idaho Traffic Safety Resourse Prosecutor continues to be a leader in | | |
| performance measure. | the prosecution and law enforcement communities. This year handled 849 | | |
| | technical assistance requests. He aslo provided 82 trainings and taught | | |
| | 617.50 classroom hours. The TSRP also serves as an expert for meetings, | | |
| | 74. He also spoke at several conferences including the Idaho Educational | | |
| | CEU state training program. | | |

| Planned Activity Name | State Impaired Driving Coordinating (SIDC) | | |
|--------------------------------------|---|------------------------------|------------------|
| Unique Identifier | SID2203 | M5IDC-2022-03-00-00 | H40D22 |
| Primary Countermeasure | Drug Recognition Expert (DRE) |) Training | |
| Planned Activity Description | Provide training, disseminate | information and resources | , and manage the |
| | operation of the DRE, DEC, AR | IDE, SFST and LEPP progra | ms for Idaho. |
| Intended Recipient(s) | Idaho State Police | | |
| Primary Performance Measure (Target) | Reduce the 5-year average nu | mber of fatalities involving | g drivers with a |
| | Blood Alcohol Content (BAC) o | of 0.08 or greater to 73 or | fewer |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | *Presented a two-hour drug impairment recognition class to supervisors | | |
| performance measure. | for the Department of Health and Welfare. Chris Glenn personally taught | | |
| | 334 total hours to agencies. | | |
| | *Summary of training provide | d: Wet labs - 17, SFST tra | ining - 174, DUI |
| | classes 38 students, ARIDE cla | isses- 228 students, 2 Phle | botomy – 25 |
| | students , DRE class – 11 stude | ents, Fort Hall Drug Class - | - 200 , |
| | Emergency Responder Academy at Pocatello High School Drug class 16 | | |
| | student, Century high school staff about drug trends, influence, signs, and | | |
| | symptoms. There were about 65 teachers in attendance, Boise Health and | | |
| | Welfare Drug talk for supervisors. 3 DITEP classes. | | |
| | *94 Active DRE's | | |

| Planned Activity Name | Mothers Against Drunk | Driving (MADD) Co | urt Monitoring |
|--------------------------------------|--|------------------------------|---------------------|
| Unique Identifier | SID2204 | M5IDC-2022-04-00-00 | H40D22 |
| Primary Countermeasure | Alcohol Impairment: Detection | n, Enforcement and Sancti | ons |
| Planned Activity Description | Support a court monitor progi | ram for impaired driving ca | ases in Idaho. |
| Intended Recipient(s) | Mothers Against Drunk Driving | g | |
| Primary Performance Measure (Target) | Reduce the 5-year average nu | mber of fatalities involving | g drivers with a |
| | Blood Alcohol Content (BAC) o | of 0.08 or greater to 73 or | fewer |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | The court monitoring program provides information evaluationg the corts, | | |
| performance measure. | tracking offenders an follwing trends. Ths year MADD followed 107 cases | | |
| | of those cases 83 percent of the DUI's we male and 44 percent wer | | |
| | excessive. The average age of | the offender is 30-39 yea | rs of age. Close to |
| | 75 percent of the offenders ha | ad subsequent charges suc | ch as open |
| | container, probation violatins, and posession of a controlled substance. | | |
| | MADD also noticed a rise in the number of felony DUI's among those | | |
| | under 21 years of age. MAD | D worked with local colleg | es and universities |
| | to recruit student interns and | volunteers to train as mor | nitors. |

| Planned Activity Name | Idaho State Police - DUI Task force District | | |
|--------------------------------------|--|--------------------|-----------------|
| Unique Identifier | SID2205 | M5CS-2022-05-00-00 | H40D22 |
| Primary Countermeasure | Zero-Tolerance Law Enforcem | ent | |
| Planned Activity Description | Funding will support the Idaho sustained inforcement, public | | ce by providing |
| Intended Recipient(s) | Idaho State Police | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of fatalities involving drivers with a | | |
| | Blood Alcohol Content (BAC) of 0.08 or greater to 73 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | 234 hours were dedicated to DUI Task Force enforcement activities. The | | |
| performance measure. | targeted enforcement resulted in 283 contacts, 18 DUI arrests, 10 | | |
| | speeding citations, 5 seat belt citations and one distracted driving citation. | | |
| | Also of note, two DUI's were drug only and three were excessive (.15+ | | |
| | BAC). | | |

| Planned Activity Name | HVE - Impaired Driving Dec/Jan Mobilization | | |
|--------------------------------------|---|-----------------------------|------------------|

| Planned Activity Name | Child Passenger Safety Coordination Program | | |
|--------------------------------------|--|----------------------------|--------------------|
| Unique Identifier | SOP2201 | M2CPS-2022-01-00-00 | H40B22 |
| Primary Countermeasure | Comm & Outreach: Strategies | for Child Restraint Use | |
| Planned Activity Description | Sustained coordination of a statewide child passenger safety program to include CPS technician and instructor certifications training, data tracking | | |
| | of CPS locations, maintain network of inspection stations, and provide community awareness efforts. | | |
| Intended Recipient(s) | Lemhi County Sheriff's Office | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of unrestrained Passenger Motor Vehicle (PMV) fatalities to 105 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | Dedicated full-time Statewide Child Passenger Safety Coordinator. Held 12 | | |
| performance measure. | CPST Courses and 2 Renewal Courses in FY22, certifying 93 technicians and | | |
| | 2 instructors. | | |
| | At the end of FY22, Idaho had | 94 Inspection Stations, 31 | 8 Technicians, and |
| | 21 Instructors. | | |

| Planned Activity Name | Occupant Protection Observational Survey (NOPUS) | | | |
|--------------------------------------|---|------------------------------|--------------------|--|
| Unique Identifier | SOP2202 M2X-2022-01-00-00 H40B22 | | | |
| Primary Countermeasure | Behavioral Safety Education | | | |
| Planned Activity Description | Conduct an observation seat b | pelt survey to obtain the po | ercentage of Idaho | |
| | seat belt use. | | | |
| Intended Recipient(s) | Office of Highway Safety | | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of unrestrained Passenger Motor | | | |
| | Vehicle (PMV) fatalities to 105 or fewer | | | |
| FY 2022 target, on track to meet? | Υ | | | |
| Contribution(s) to meeting the state | A total of 25,385 vehicle occupants were observed. The total occupants | | | |
| performance measure. | were comprised of 19,628 drivers and 5,757 outboard passengers. Seventy | | | |
| | percent of the vehicles were cars, vans, or SUVs while 30 percent were | | | |
| | pick-up trucks. Estimated overall usage increased from 82.9% in 2021 to | | | |
| | 87.6% in 2022. | | | |

| Planned Activity Name | Child Passenger Safety Restraints | | |
|--------------------------------------|--|-----------------------------|----------------|
| Unique Identifier | SOP2203 | M2CS-222-00-00 | H40B22 |
| Primary Countermeasure | Comm & Outreach: Strategies | for Child Restraint Use | |
| Planned Activity Description | Fund the distribution of child | passenger seats at child pa | assenger check |
| | locations, on a need basis for | socially or economically di | sadvantages |
| | families. | | |
| Intended Recipient(s) | Child Passenger Safety Techn | ician Sites | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of unrestrained Passenger Motor | | |
| | Vehicle (PMV) fatalities to 105 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | 453 seats were distributed during FY22. 118 of those seats were | | |
| performance measure. | distributed to low income families at 17 different events during CPS Week. | | |
| | In FY22, there were 1,613 inspections provided, 469 WHALE Kits | | |
| | distributed: 323 CHOP Cards distributed, and 1,396 volunteer hours | | |
| | donated. | | |

| Planned Activity Name | Occupant Protection 405b Match | | | |
|--------------------------------------|--|--|--|--|
| Unique Identifier | SOP22MA M2MATCH-2022-00-00- H40B22 00 | | | |
| Primary Countermeasure | | | | |
| Planned Activity Description | 405b Match - this activity tracks all 405b match. | | | |
| Intended Recipient(s) | | | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of unrestrained Passenger Motor | | | |
| | Vehicle (PMV) fatalities to 105 or fewer | | | |
| FY 2022 target, on track to meet? | Υ | | | |
| Contribution(s) to meeting the state | This activity tracks all 405b match. All match provided with mileage and | | | |
| performance measure. | volunteer hours. Match for 405b projects is a minimum of 25 percent. | | | |

| Planned Activity Name | Occupant Protection Paid Media | | |
|--------------------------------------|---|--------------------------------|-----------------|
| Unique Identifier | SOP22PM M2X-2022-PM-00-00 H40B22 | | |
| Primary Countermeasure | Communications and Outreac | h: Strategies for Low Belt | Use Groups |
| Planned Activity Description | Purchase paid media to suppo | ort the high visibility seat b | elt enforcement |
| | mobilization efforts. | | |
| Intended Recipient(s) | Office of Highway Safety | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of unrestrained Passenger Motor | | |
| | Vehicle (PMV) fatalities to 105 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | Funded statewide campaign in conjunction with statewide high visibility | | |
| performance measure. | seat belt enforcement in May. | | |

| Planned Activity Name | Child Passenger Safety Statewide Program | | |
|---|--|-------------------------|--------|
| Unique Identifier | SSB2201 | OP-2022-01-00-00 | H40222 |
| Primary Countermeasure | Comm & Outreach: Strategies | for Child Restraint Use | |
| Planned Activity Description | Provide occupant protection educational and outreach materials regarding the importance of CPS as well as fund the distribution of child passenger seats at child passenger check locations, on a need basis for socially or economically disadvantages families. | | |
| Intended Recipient(s) | Office of Highway Safety | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of unrestrained Passenger Motor Vehicle (PMV) fatalities to 105 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state performance measure. | Funds used to support the Child Passenger Safety Statewide Coordinator and CPS Liaisons in their educational and outreach efforts, including travel expenses and resources for CPS technician courses throughout the state. 12 CPST Courses and 2 Renewal Courses were held in FY22, certifying 93 technicians and 2 instructors. There were 318 total technicians at the end of FY22. 453 seats were distributed to low-income families in FY22. | | |

He'll never sit in a more important seat.

Make sure it fits correctly.

| Planned Activity Name | Occupant Protection Statewide Services (402) | | |
|--------------------------------------|--|------------------|--------|
| Unique Identifier | SSB2202 | OP-2022-02-00-00 | H40222 |
| Primary Countermeasure | Communication Campaign | | |
| Planned Activity Description | Provide occupant protection educational and outreach materials regarding | | |
| | the importance of occupant protection. | | |
| Intended Recipient(s) | Law Enforcement Agencies | | |
| Primary Performance Measure (Target) | Reduce the 5-year average number of unrestrained Passenger Motor | | |
| | Vehicle (PMV) fatalities to 105 or fewer | | |
| FY 2022 target, on track to meet? | Υ | | |
| Contribution(s) to meeting the state | Educational materials purchased in FY22 include Visual Car Seat Guides | | |
| performance measure. | and WHALE kit materials. | | |

AMENDMENTS

IDAHO FFY '22 HSP

Quarter 1:

Project Number: PT-2201-01-00-00 Sub-recipient: City of Rexburg Police Amount of Federal Funds: \$9,084.00

Funding Source: 402

Description: ITD is requesting to purchase speed monitoring trailer (Stalker SAM) equipment to support SPT2201 Police Traffic Statewide Services. This piece of equipment satisfies the Buy America Act. The City of Rexburg plans on collecting data from the speed trailer to use for further deploying of law enforcement.

Problem Identification: According to the latest Idaho Transportation Traffic Movement Study of 2019, the City of Rexburg has approximately 24,000 vehicles traveling 2nd East and Main Street on a daily basis, which are the top two high crash locations within the city. During the years 2016-2020, 51% of serious injury crashes were aggressive driver involved. Rexburg had 1 traffic fatality, 11 suspected serious injury aggressive driver crashes, and 198 injury crashes attributed to aggressive driving within the city limits in the same time period. In addition, for Idaho cities with similar sized populations, the City of Rexburg ranked #1 for Pedestrian and Bicycle involved fatal and injury crashes, and #2 for Youth Involved fatal and injury crashes, 2018-2020.

Amendment Determination: Approved

Quarter 2:

Project Number: PT-2201-01-00-00 **Sub-recipient:** Caribou County Sheriff **Amount of Federal Funds:** \$10,022.00

Funding Source: 402

Description: ITD is requesting to purchase speed monitoring trailer (Stalker SAM) equipment to support SPT2201 Police Traffic Statewide Services. The Caribou County Sheriff plans on collecting data, contacts made, citations issued, and arrests made. They will also be educating the motoring public on the importance of traffic safety.

Problem Identification: Caribou County has several roadways, including the busy US30 bypass route and state Highway 34, which accommodates continual traffic, which increases during the tourist season. These routes are popular travel destinations for those traveling to and from national parks in Wyoming. During the years 2016-2020, in Caribou County, 40% of serious injury crashes were aggressive driver involved. In addition, the County experienced 1 traffic fatality, 10 suspected serious injury crashes, and 75 injury crashes which were all attributed to aggressive driving. Caribou County ranked #2 for aggressive driving-related fatal and serious injury crashes from 2018-2020, for counties with similar-sized populations

Amendment Determination: Approved

Project Number: PT-2201-01-00-00 **Sub-recipient:** Minidoka County Sheriff

Amount of Federal Funds: \$14,266.50

Funding Source: 402

Description: ITD is requesting to purchase speed monitoring trailer (MPH Speed Monitor Trailer) equipment to support SPT2201 Police Traffic Statewide Services. The Minidoka County Sheriff plans on using the trailer at high crash locations to conduct traffic enforcement and will collect data on traffic contacts, citations issued, and arrests made when the trailer is operational. The trailer will also be used to help educate the motoring public by utilizing traffic safety messages that focus on the leading cause of traffic crashes in their community.

Problem Identification: Minidoka County is ranked second highest for aggressive driving related Fatal and Injury Crashes among counties with similar sized populations. During the years 2016 to 2020, there were 1388 crashes and 19 fatalities. Aggressive driving has been a factor in 42% of fatal crashes and 58% of serious injury crashes. The crash data shows that in addition to the interstate, fatality crashes occur around the county on various surface roads and streets.

Amendment Determination: Approved

Project Number: PT-2201-01-00-00 Sub-recipient: Idaho County Sheriff Amount of Federal Funds: \$13,529.00

Funding Source: 402

Description: ITD is requesting to purchase speed monitoring trailer (All Traffic Solutions- ATS Speed Monitor Trailer) equipment to support SPT2201 Police Traffic Statewide Services. The Idaho County Sheriff plans on using the trailer at high crash locations to conduct traffic enforcement and will collect data on traffic contacts, citations issued, and arrests made when the trailer is operational. The trailer will also be used to help educate the motoring public by utilizing traffic safety messages that focus on the leading cause of traffic crashes in their community.

Problem Identification: Idaho County is ranked third highest for Fatal and Serious Injury Crashes among counties with similar sized populations. During the years 2016 to 2020, there were 40 traffic fatalities in Idaho County, aggressive driving was a factor in 15 percent of fatal crashes, and 17 percent of serious injury crashes during that time period. The crash data for Idaho County also shows that speed is the top contributing circumstance for all reportable crashes.

Amendment Determination: Approved

Quarter 3

Project Number: TR--2022-01-00-00 **Sub-recipient:** Office of Highway Safety

Amount of Federal Funds: \$180,000.00 Increase (\$360,000-total)

Funding Source: 402

Description: Funding to provide development and support to implement, manage, coordinate and improve the traffic records and roadway safety data projects in the traffic record systems. This includes implementing the e-citation software platform for the statewide electronic citation system. Provide equipment and installations costs to implement the software platform for law enforcement including scanners, computers, printers, software and servers.

Problem Identification: The Office of Highway Safety process identifies highway safety problems, develops measures to address the problem, implements the measures and evaluates the results. OHS is requesting additional funding for the Traffic Records program that supports a comprehensive traffic safety program for Toward Zero Deaths which is based upon efficient and accurate record systems.

Amendment Determination: Approved

Project Number: DD--2022-EA-00-00 **Sub-recipient:** Office of Highway Safety

Amount of Federal Funds: \$45,000.00 Increase (\$145,000 Total)

Funding Source: 402

Description: Statewide distracted driving high visibility enforcement mobilization to eliminate

distracted driving related traffic fatalities, serious injuries and economic losses.

Problem Identification: During the years 2016-2020, there were 209 distracted driving related fatalities, this number represents 18% of all fatal crashes. Inattention, distraction and following-too-close were the top three contributing factors in distracted driving related crashes. Per the "Countermeasures that work...for State Highway Safety Offices" high visibility cell phone and text messaging enforcement has proven effective in curbing use. Idaho has a hands-free law allows law enforcement to more effectively enforce the message. OHS is requesting additional funding for the Distracted Driving HVE statewide mobilization which is part of a comprehensive traffic safety program for Toward Zero Deaths. The FY22 HSP planned for \$100,000 for the mobilization originally, we received funding requests from 56 agencies to participate in this statewide effort.

Amendment Determination: Approved

Project Number: PT--2022-04-00-00 **Sub-recipient:** Office of Highway Safety

Amount of Federal Funds: \$50,000.00 Increase (\$250,000 Total)

Funding Source: 402

Description: Boise Police Department are providing integrated high visibility enforcement on a sustained basis, and also providing education at each contact during traffic stops, in addition to regular traffic safety outreach for the community. Per the "Countermeasures that work...for State Highway Safety Offices" high-visibility enforcement campaigns for speeding and aggressive driving produce some safety-related benefits by convincing the public that speeding and aggressive driving actions are likely to be detected.

Problem Identification: During the years 2016-2020, within the City of Boise, there were 59 traffic fatalities, 37% of fatalities and 54% of suspected serious injuries were aggressive driving related, and 24% of fatalities involved a pedestrian. Following -too-close, failure to yield, and inattention were the top three contributing circumstances for all crashes within the city during the same period. Boise Police Department are requesting additional funding for their year-long traffic enforcement grant that supports a comprehensive traffic safety program.

Amendment Determination: Approved

Project Number: PT-2201-01-00-00 Sub-recipient: Cassia County Sheriff Amount of Federal Funds: \$12,308.00

Funding Source: 402

Description: ITD is requesting to purchase speed monitoring trailer (All Traffic Solutions- ATS Speed Monitor Trailer) equipment to support SPT2201 Police Traffic Statewide Services. The Cassia County Sheriff plans on using the trailer at high crash locations to conduct traffic enforcement and will collect data on traffic contacts, citations issued, and arrests made when the trailer is operational. The trailer will also be used to help educate the motoring public by utilizing traffic safety messages that focus on the leading cause of traffic crashes in their community.

Problem Identification: Cassia County is ranked second highest for Fatal and Injury Crashes among counties with similar sized populations. During the years 2016 - 2020, there were 27 traffic fatalities in Cassia County, aggressive driving was a factor in 30 percent of fatal crashes, and 39 percent of serious

injury crashes during that period. The crash data for Cassia County also shows that aggressive driving and inattention are the top three contributing circumstance for all reportable crashes.

Amendment Determination: Approved

Quarter 4

Project Number: MCPS-2022-01-00-00 **Sub-recipient:** Lemhi County Sheriff

Amount of Federal Funds: \$60,000.00 (for a total of \$150,000)

Funding Source: 405 (b)

Description: Description: The Child Passenger Safety Statewide Coordinator is requesting an increase in funds for the following courses, added at the request of local agencies looking to certify/recertify

technicians in their communities:

- Cassia County area Renewal Course
- St. Luke's Boise Special Needs Training for 10 CPST Instructors
- Coeur d'Alene area Renewal/New Technician courses
- Moscow area New Technician course
- Shoshone-Bannock Tribe New Technician course
- West Valley Medical Center New Technician course

Problem Identification: Child Passenger Safety Technician (CPST) new certifications started slipping and recertification rates began to fall well below the national average. The Child Passenger Safety Statewide Coordinator and CPS Liaison Team met to develop a five-year strategic plan to combat this problem and produced the following goals:

- Achieve a base of 400 Child Passenger Safety Technicians by December, 2026.
- Achieve and maintain a recertification rate of 50% by December, 2026.

At the time of the goal development, the recertification rate for the state of Idaho was 25%; the national average was 51.4%. The CPST count was at 273, well below the goal of 400 technicians. In an effort to increase the low numbers, the CPS Liaison Team conducted a great deal of outreach to communities across Idaho, especially targeting locations with few or no technicians in the area. They also saw a need to strengthen our partnerships with the tribes and with hospitals across the state. As a result of their efforts, energy and support for the Child Passenger Safety program in Idaho was generated and additional courses are needed to certify new technicians and recertify those who have lapsed.

Amendment Determination: Approved
