5. Certify

I state and provide substantiation that (check only one):

- The vehicle is not subject to any safety recalls as of the time of such certification, **or**
- All noncompliances and defects that are the subject of safety recalls have been remedied.

I certify that (check only one):

- The vehicle is not required to comply with the parts marking requirements of the Theft Prevention Standard "Part 541", **or**
- The vehicle, as manufactured or as modified prior to importation, complies with those parts marking requirements.

5. Certify – continued

I certify that (check only one):

- I know that the vehicle I am certifying conforms with all applicable Federal motor vehicle safety and bumper standards because I personally witnessed each modification performed on the vehicle to effect compliance, **or**
- I know that the vehicle I am certifying conforms with all applicable Federal Motor Vehicle Safety and Bumper Standards because the person who performed the necessary modifications to the vehicle is an employee of the above named RI and has provided full documentation of the work that I have reviewed, and I am satisfied that the vehicle as modified complies.

I certify that noncompliant motor vehicle equipment items that were removed from this imported vehicle in the course of performing conformance modifications have been (check only one):

- Destroyed,
- Exported, or
- Not Applicable.

PAPER REDUCTION ACT STATEMENT: A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2127-0002. The information collected on this form is necessary to obtain registration with NHTSA as an importer of motor vehicles that are not originally manufactured to comply with all applicable Federal Motor Vehicle Safety Standards. The information is used to verify the applicant's eligibility to obtain such registration. We estimate that it will take approximately 10 hours to compile and assemble the information needed to complete the application. The information collected is necessary to obtain a benefit under 49 U.S.C § 30141 (c) and 49 CFR 592.5(a). Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Room W45-205, Washington, DC 20590.
