Subject: CAD Floor Mat Design Guideline.

Kato-san,

I don't recall sending this file to you. My apologies if I already sent this file but didn't see it in my sent folder. Please be advised this is a document that uses for all vehicles that receive a CAD AWFM.

I didn't see a copy of this document in section 9 either. FYI - CAD has advised that this document is confidential.

Hope this helps! More info will be sent shortly, plus I will call you after my last email. Thanks for your help!

Kirk
