Sub. NHTSA Information Request for DP

concerning 04-08MY Tacoma sudden and uncontrolled acceleration

As you may know, we received the official IR letter (Defect Petition) from NHTSA concerning the sudden and uncontrolled acceleration on 2004-2008MY Tacoma.

In the IR letter, NHTSA has requested the number of consumer complaints received by Toyota, which related to, or may relate to the alleged defect on the subject vehicles, and detailed information for each complaint.

Also it has requested the total count for the Goodwill claim and extended warranty claim that relate to, or may relate to the alleged defect, and detailed information for each claim.

Therefore, in order to create our responses to these inquiries, we would like you to provide us with the following information **by February 27, 2008.**

Note: NHTSA mentioned that subject vehicles are 2004-2008MY Tacoma in the IR. However, 2004MY Tacoma is previous model. Therefore, we are negotiating to exclude 2004MY on the subject vehicles (maybe NHTSA will exclude 2004MY). At this time, we would like you to request 2005-2008MY Tacoma's information.

<CAN2000 Customer Complaint Data>

Please run the component search with the following search condition.

Make/Model/MY	2005-2008MY Toyota Tacoma
Coding Type	Complaint
Component	See page 2
Period for search	September 1, 2004 through current

<Warranty Data – Goodwill & Extended Warranty>

Search Conditions:

Make/Model/Model Year	2005-2008MY Toyota Tacoma
Part Number/Name	See page 2
Period for search	September 1, 2004 through current
Necessary Information	See page 2

<Additional Information– Goodwill & Extended Warranty>

By extended warranty coverage option, model, and model year, **the number of subject vehicles** (2005-2008MY Tacoma) that are covered under each such extended warranty.
