| <input type="checkbox"/> Incomplete vehicles - means an assemblage consisting, at a minimum, of chassis (including the frame) structure, power train, steering system, suspension system, and braking system, in the state that those systems are to be part of the completed vehicle, but requires further manufacturing operations to become a completed vehicle. Also means an incomplete trailer. GWR _____ | | | | | |

Appendix 2 - (Continued) Part 566 Manufacturer Identification

| What Type of Vehicle Manufacturer or Alterer is Your Company? (check all that apply) | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <small>(This section applies to manufacturers of vehicles, as defined in 49 CFR Part 566.101.)</small> | |
| <input checked="" type="checkbox"/> | Completed Vehicle Manufacturer - a manufacturer of vehicles that require no further manufacturing operations to perform their intended function |
| <input type="checkbox"/> | Incomplete Vehicle Manufacturer - a manufacturer of incomplete vehicles, as defined above |
| <input type="checkbox"/> | Intermediate Manufacturer - a manufacturer (other than the incomplete vehicle manufacturer or the final-stage manufacturer) who performs manufacturing operations on a vehicle manufactured in two or more stages |
| <input type="checkbox"/> | Final-Stage Manufacturer - a manufacturer who performs such manufacturing operations on an incomplete vehicle that it becomes a completed vehicle |
| <input type="checkbox"/> | Alterer - a person who alters by addition, substitution, or removal of components (other than readily attachable components), a certified vehicle before the first purchase of the vehicle other than for resale |
| Instructions for Completing, Revising, and Submitting Your Information | |
| <p>49 CFR Part 566 requires that a manufacturer of motor vehicles and regulated motor vehicle equipment items submit to NHTSA not later than 30 days after manufacturing begins information about the company and the products it manufactures. This suggested form will assist a manufacturer to comply with Part 566. Please complete the form by typing or clearly printing. Each manufacturer who has submitted this information must keep its entry current, accurate, and complete by submitting revised information not later than 30 days after the relevant changes in its business occur.</p> | |
| <p>Mail the completed form to: Attention: VIN Coordinator National Highway Traffic Safety Administration 1200 New Jersey Avenue, SE West Building, Room WM-5-207 Washington, DC 20590 Fax: 202-366-3081</p> | |
