Dear Mr. Younger,

My name is Lori Dean and I am the Operations Manager for Boar Motor Corporation. I am writing to you regarding the Vin numbers of our motorcycles. We have a new model available to our customers as of February 2000 and I need to advise you of our new VIN scheme.

Position number 5 on our new model will now be (R) for Razorback.
Position number, 7 & 8 which is for net brake power, will be as follows depending on the engine:
90 which is what our original position was. The additions to this position will be: 07 which stands for 107 HP or 13 which stands for 113 HP.

Please advise me of any additional information you may need.

Sincerely,

Lori Dean
Operations Manager
