Product Manufactured Pike Equipment & Supply Co. builds trailers from steels purchased

> at local supply companies. The trailers are built for use by Utility maintenance and construction companies. They include

flatbed, utility and pole trailers.

Pike Equipment & Supply Co. is also a Final Stage Manufacturer. We purchase chassis-cabs from such manufacturers as Navistar, Ford, and GM, we mount bodies and equipment such as digger derricks on these chassis to form a completed truck.

Pike Equipment & Supply Co. is also an Alterer of Previously Certified Vehicles. In the process of mounting equipment and bodies on the chassis-

cab modifications may be necessary to complete the unit.

**GVWR** The gross vehicle weight ratings ( GVWR ) of our products range

from 500 lb. tag a long trailers to 40,000lb equipment trailers. The trucks range from 5,000 lb. pickup trucks to 55,000 lb. trucks used by

utility companys and contractors.
