VIN Changes in MY00 Daewoo vehicles

Dear Mr. Coleman,

I am attaching a chart that explains the VIN construction. As previous to our conversation, the only thing that we have added is the in the 8<sup>th</sup> digit. In the 2000 model Nubira, 3-point seat belt will be installed in the center seats.

If you have any questions regarding this matter, please do not hesitate to contact me.

Best Regards,

KS Hwang

**Changes in VIN - additional information**

Dear Mr. Coleman,

Please disregard the previous message.

In the 7<sup>th</sup> digit where the restraint system is to be marked, we are making changes in some of the items.

As you can see in the attached diagram, only, the Nubira sedan will have the center 3-point seat belt. This is to do with the fact that we are phasing in center 3-point seat belts in the near future.

I apologize for this confusion. If there is any more information that you would need, please do not hesitate to contact me.
