Re: Part 565 Update for Motorcycles

7 pgs

Pursuant to the requirements of Part 565 we are updating the VIN encoding for Suzuki motorcycle products imported into the USA and its territories. Attached are copies of Suzuki's VIN encoding for model years 2002 and 2003. The first section describes the encoding used by Suzuki. The second section of the attachments describes VINs that used for Suzuki street motorcycles. You will note that Suzuki now imports some motorcycles that are manufactured in Spain (Suzuki Motors España, S.A.). The WMI code for the Spain plant is **VTT**.

Also included as part of this submission are the VIN encoding for all other Suzuki motorcycle (off-road motorcycles and competition motorcycles) and All-Terrain Vehicle (ATV) products sold in the U.S. and Canada for the 2002 and 2003 model years. All Suzuki motorcycle and ATV products share a 17-digit VIN patterned after the requirements in Part 565.

To confirm conversations with NHTSA staff, beginning with the 2003 model year Suzuki and Kawasaki entered into a production alliance. Both companies produce some products for the other; mostly off-road motorcycles and ATVs. Suzuki does produce one street motorcycle for Kawasaki. The alliance products are duly described in the attached 2003 encoding. For convenience the VINs of the alliance products, as a group, are duplicated at the end of the 2003 VIN encoding attachment.

We trust this meets with your approval. Should you have any questions regarding Suzuki VINs, please contact this office.

Sincerely,

Jeffrey L. Link
