Attention: VIN Coordinator

Gentlemen:

File: S203.115

As required by 49CFR571.115, attached please find a chart showing all current variations of Iveco Trucks vehicles which will be imported into the United States under the basic identifier ZCF.

This chart supplements our previous model offerings (Models Z100, Z110, Z220) by the addition of Z120 Models which are to be available for sales by September 1983, and by Model Z230T which will be available during November or December 1983.

If any clarification of this material is required, please advise.

Sincerely yours,

N. M. Goodwin

BOOKER

VEHICLE IDENTIFICATION NUMBER (VIN)

This is the legal identifier of your vehicle. It appears on plates which are attached to the cab door (driver's side) and lower left windshield corner; and is also stamped on the vehicle frame directly behind the right front wheel. The VIN also appears on the Vehicle Certificates of Title and Registration.
