ATTN: VIN Coordinator

The following information is submitted as per requirements in Title 49, Transportation, Part 571.115, Vehicle Identification Number.

We at unifab/ Division of Sweet Home Stove Works, Inc., plan to begin manufacture of the following types of trailers, all under 8,000# gross vehicle weight.

- (1) Boat Trailer
- (2) Car Carrier Trailer
- (3) Dump Bed Trailer
- (4) Enclosed Box Type Trailer
- (5) Flat Bed Trailer (fixed bed, non-tilting)
- (6) Horse Trailer
- (7) Motorcycle Trailer (transporting motorcycles)
- (8) Stock Trailer (transporting livestock)
- (9) Tilt Bed Trailer (transporting snow mobiles, farm implements, etc.)

The first letter of each of the nine types of trailers we will manufacture will be the identifier used for the first letter of the second section of the VIN. Enclosed is a sample VIN used to identify a Tilt Bed Trailer, in our Standard Series, Fifteen Feet overall length, with two axels, 1984 model year, manufactured in our unifab Plant in Sweet Home, OR, first trailer off the line.
