Dear Sir,

We are in the process of setting up a Vehicle Identification Number system for the manufacture of trailers. Number 1 R 9 has been assigned to us for the three characters of the first section as part of our identifier.

The code for the additional characters are:

# 4- Type

- A- Flatbed trailer
- B- Car trailer
- C- Small utility trailer
- D- Van body trailer
- E- Grain trailer
- F- Stock trailer
- G- Cattle trailer

# 5- Series

- N- Ball bumper hitch
- P- Pintle hook bumper hitch
- R- Hitch pin bumper hitch
- S- Gooseneck hitch
- T- Fifth wheel hitch

#6 and 7- Length in feet of trailer

#8- Number of axles

#9- Check digit

#10- Model year

#11- Plant location

1- Rock Rapids, Ia.

#12-13-14- Unique Identifier Assigned

055

#15-16-17- Sequence numbers

We have a small repair and welding shop. We also custom build trailers and have just recently been informed of the need for these numbers. We have a trailer sold and nearly completed and ask that you give this your immediate attention.

Yours truly,

Don Gerritsen
