Re: Port City Trailers f/k/a Ellis and Port City Trailers  
SAE assigned characters 1E9

Gentlemen:

In April of 1981 I provided with you information regarding this manufacturer's VIN numbers. Please take note of the following changes:

- 2nd character of second section:  
P shall designate bumper hitch
- 3rd character of second section:  
C shall designate open trailer
- 4th character of second section:  
T shall designate 0'-20'

I have incorporated these changes in the 1986 serial numbers which I have supplied to this manufacturer. Thank you.

Very truly yours,

TAMARA O. MITCHELL
