Washington, D.C. 20590

Dear Sir:

Please find attached a copy of a letter written to you in February requesting approval on a Vehicle Identification Number. At this time, I would like to make an addition to this approval request.

Under the heading "Type", in addition to F for fifth wheel, I would like to add S for self propelled.

If there is any problem with this, please contact me at the above address.

Sincerely,

  
Lori Burns  
Administrative Asst.
