Dear VIN Coordinator,

Our Company is planning to begin manufacturing utility trailers and industrial trailers. In order to comply with regulations we are submitting this scheme for writing VIN Codes:

We have been assigned the Manufacturer's Code numbers 1 T 9 and 1 5 6 from the Society of Automotive Engineers.

Enclosed is our scheme to identify type, series length and number of axles.

Please inform me of any additional requirements.
Thankyou.

Sincerely,

Tommy Wilson
