RE: 1984 Analog Trailer, Serial No. 84-28-2250
2 Axles, 7800 Lbs.

Gentlemen:

On January 7, 1985, we sold the above mobile laboratory trailer to a company in California. On April 15, 1985, we received a letter from the State Vehicle Department for the State of California, advising that we had to assign a 17 position alpha numeric vehicle identification number to the unit before the registration application of our customer could be completed.

We contacted the World Manufacturer Identifier Repository and received the enclosed copy of confirmation dated May 2, 1985. We submit the enclosed configuration number for the above unit:

1A9 MS282 1 F11082250

Please process this and send us whatever is necessary for the State of California, Vehicle Division, to complete our customer's registration application.

Thanking you, we are,

Yours truly,
