Attn: VIN Coordinator

ORIGINAL

Dear Sir:

In compliance with section 565.5 reporting requirements, Bilt-Redi Corporation is submitting the following information regarding our vehicle identification number.

Our first prototype is an 18' vendor trailer with 2 axles. This will be our standard product produced in Fort Worth, Texas. Bilt-Redi's proposed VIN for this unit is as follows:

VIN-1B9VS1828HT145001

Characters 1, 2 & 3 - 1B9 were assigned by S.A.E.

Character 4 - trailer type will be: V-vendor trailer S-special trailer

Character 5 - series/body type will be: S-standard P-special

Characters 6 & 7 length - overall (excluding hitch)

Character 8 - number of axles

Character 9 - check digit (as calculated)

Character 10 - year model - 1987

Character 11 - Plant of manufacturer will be: T-Texas

Characters 12, 13 & 14 - 145 were assigned by S.A.E.

Characters 15, 16 & 17 will be sequential production numbers starting with 001

Check Digit should be a 5 per Barbara Blue

3/13/86

Please examine our submittal and feel free to call us at 817 847-0775 if there are any errors or omissions in our VIN coding.

Sincerely,

Allen Williams
President
