ORIGINAL

Dear Coordinator;

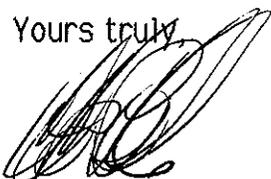

Buell Motor Company produced 50 units of the RR-1000 model as introduced to you in our letter of 3/12/86. We are preparing to produce two new models, and are sending this letter to advise you of the appropriate VIN changes.

The new models will use a different Harley-Davidson motor unit, and so the sixth and seventh characters will be changed from 10 to 11. The eighth character will remain as G, as the horsepower of the new motor is in the same range.

The eleventh character will be changed from 1 to 2, to represent our new assembly plant at 214 Jefferson Street, Mukwonago, WI 53149.

Please advise us of any further information required.

Yours truly,

Erik Buell
President
