Ken Rutland

ORIGINAL

Dear Ken:

Enclosed is a diagram of the VIN number and explanation. We manufacture Commercial Coaches normally larger in size than this unit. Since it is a 8' x 16' unit, it needs to be registered with the Department of Motor Vehicles rather than our usual procedure of Department of Housing.

I will be calling you in a week or so to be sure all numbers are correct. We would like to get this unit registered as soon as possible since the buyer is anxious to take possession of the unit.

If you have any questions please give me a call at (916) 373-3325.

Sincerely,

Joan Hawkins
