Dear Ms Gardner:

After receiving the enclosed information from you on April 19, 1989, I called the SAE office to confirm our WMI number. Betty Schattauer informed me that Haulmark did not show up on her print out, but after checking in her computer she did find Haulmark had been assigned the World Manufacturers' number of 16H.

Betty Schattauer's phone number is (412) 776-4841, Extension 443.

If you need any additional information, please contact me at 1-800-348-7530.

Sincerely,
