Dear Coordinator;

The Beevers, Inc. of Winn, Michigan, is herewith applying for registration of a seventeen digit vehicle identification number, including a World Manufacturer Identifier Code, to be used on the portable wood chippers, (Burly Beaver), manufactured by The Beevers, Inc.

The chippers are mounted on a single axle, fifteen feet length trailer. The number to be used will consist of the following data, and the first number to be used is 486SB1512KW000001:

- 486 WMI code assigned by Betty Lou Schattauer, WMI Coordinator, SAE, Warrendale, Pennsylvania.
- S Identifies the trailer as Special
- B Identifies the model as Burly Beaver
- 15 Length of the trailer is 15 feet
- 1 Number of axles on the trailer is one
- 2 Is the Check digit, using the MVSS 115 calculation
- K Year of manufacture, currently 1989
- W Location of manufacturer is Winn, Michigan
- 000001 - Is the Sequentially assigned serial number

Please advise if further steps need to be taken by The Beevers, Inc. to finalize the use of this identifier.

Thank you for your efforts in expediting this matter.

Sincerely,

Earl Smith
Vice President of Manufacture
