ORIGINAL

Dear Ken:

Please find enclosed, as required, a sample of our first VIN number to be placed on our boat trailers. Included you will find a completed sample MSO and the following description as to how we assigned our VIN number.

VIN Number Assigned First Trailer:

Assigning a check Digit:

	1	0	9	B	0	1	5	1	(X)	K	A	1	3	1	0	0	1																	
Value as per Table IV	1	0	9	2	0	1	5	1	2	1	1	3	1	0	0	1																		
Factor as per Table V	8	x	7	x	6	x	5	x	4	x	3	x	2	x	0	x	0	x																
	8	+	0	+	54	+	10	+	0	+	3	+	10	+	10	(0)	+	18	+	8	+	7	+	18	+	5	+	0	+	0	+	2	=	153

Divide the result by 11: 153 ÷ 11 = 13.90

Therefore, 90 on the decimal chart designates the check digit as X.

Very Truly Yours,

 Overland R.V. Depot
 Charles Davis
