NHTSA DOCKET

Gentlemen:

Per 49 CFR, CH. V, #565.5 (e), we are submitting the data requested for a VIN for Class 6 trucks manufactured in the People's Republic of China by the Second Automobile Works facilities in Shiyan, Hubei Province, PRC. Plans are to ship two prototype trucks to the U.S. for display and testing in the near future, and production vehicle to follow sometime later. All U.S.A. regulations and procedures, including EPA and DOT are being followed.

Explanation of DIGIT are as follows:

- DIGITS 1 through 3: Assigned by SAE per 565.5(c) as L G A, trucks manufactured in PRC.
- DIGIT 4: A, SAW Truck Model EQ 3090 F 6DJ, 155.5" wheel base
B, SAW Truck Model EQ 1090 F 6DJ, 185.0" wheel base
- DIGIT 5: U, General purpose chassis with conventional cab
- DIGIT 6: 6, Cumins 6BT diesel engine, 145 HP @2600 RPM
- DIGIT 7: A, Air brakes
- DIGIT 8: 6, Class 6 GVWR vehicle
- DIGIT 9: Check number per 565.4
- DIGIT 10: Vehicle model year per Table VI, 565.4
- DIGIT 11: S, Manufactured by SAW, Shiyan, Hubei, PR of China
- DIGIT 12 through 17: Manufacturing sequence numbers commencing with 100100.

Mr. F. N. Hines is acting as agent in our behalf for coordination and compliance with U.S.A. requirements
