Announcement of a new formation of SAAB-SCANIA Passenger Car Division

Gentlemen:

We would like to announce that SAAB-SCANIA AB, Passenger Car Division, with the world manufacturer identifier (WMI) code YS3, has been transformed into a new, independent company, denominated SAAB Automobile AB. All assets in SAAB-SCANIA AB, Passenger Car Division will be transferred to SAAB Automobile AB. The new company will continue the activities by means of the same developing, manufacturing and sales organizations and facilities that were previously used by SAAB-SCANIA AB Passenger Car Division.

The trade name will be unchanged, i.e. SAAB.

The new company was officially registered at the Swedish Patent and Registration office on the 31st of January, 1990. The administrative and practical arrangements for the transfer should be finalized around the 15th of March, 1990.

Since all facilities and activities are being transferred from SAAB-SCANIA AB, Passenger Car Division to SAAB Automobile AB, we would like to request that the WMI code YS3 be transferred to the new company SAAB Automobile AB.

For the reasons indicated above, we would highly appreciate a quick answer to our request.

Thanking you in advance, we remain

Yours sincerely,

SVERIGES MEKANSTANDARDISERING

Hans Andersson

Dear Madam:

World Manufacturer Identifier (WMI) code

After having talked to Mrs Schattauer of SAE WMI Repository, we are sending you a copy of our letter dated 1990-02-07 announcing the transfer of the car manufacturer SAAB-SCANIA Passenger car division to SAAB Automobile AB.

Since the best alternative for Saab would be to keep the old WMI code, one of the representatives of Saab, Mr Sture Eriksson, will get in contact with you by phone to discuss the procedure.

Yours sincerely,

Pia Sundin, sec'y
