To Whom It May Concern:

Attached is the September, 1989 update for the BMW Vehicle Identification Manual, previously updated September, 1988.

The following sheet explains which pages are to be removed, and which are to be added.

If you need additional copies of the updates, or if you have any comments on the manual, please contact this department at (201) 573-2059.

Very truly yours,

BMW OF NORTH AMERICA, INC.

Gordon B. Keil

6.	Model Availability (Pgs. 6.1-6.2)	6.	Model Availability (Pgs. 6.1-6.2)

I. INTRODUCTION

Due to the number of grey market BMW vehicles in this country, questions often arise as to whether such vehicles are U.S. models (in compliance with Federal Safety (NHTSA) and Emissions (EPA & CARB) regulations), and how to distinguish the difference between U.S. and European (E.C.E.) model BMW vehicles.

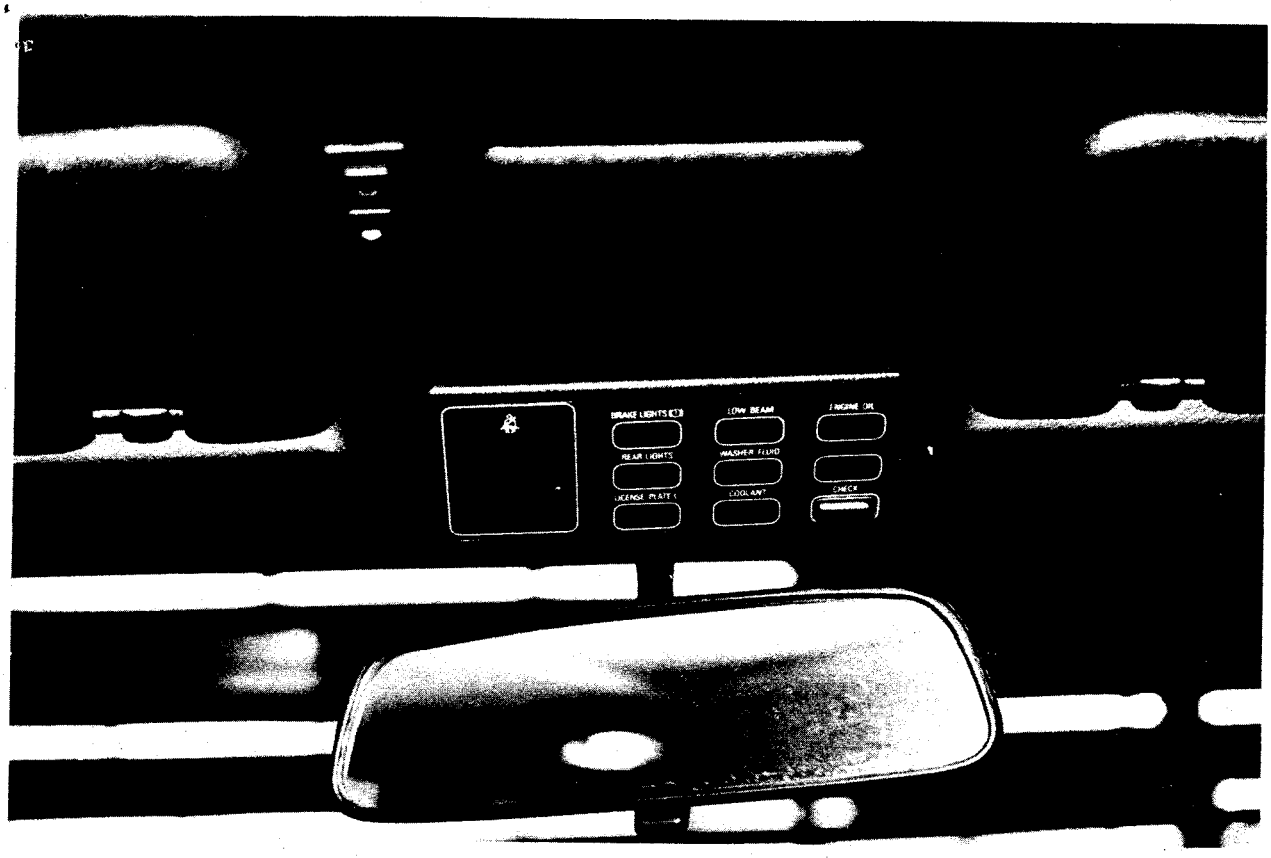

As a result, this manual has been developed with the aim of identifying U.S. and European model BMW vehicles, and is distributed upon request to State Motor Vehicle Departments, U.S. Customs Offices, Law Enforcement Departments and Insurance Companies.

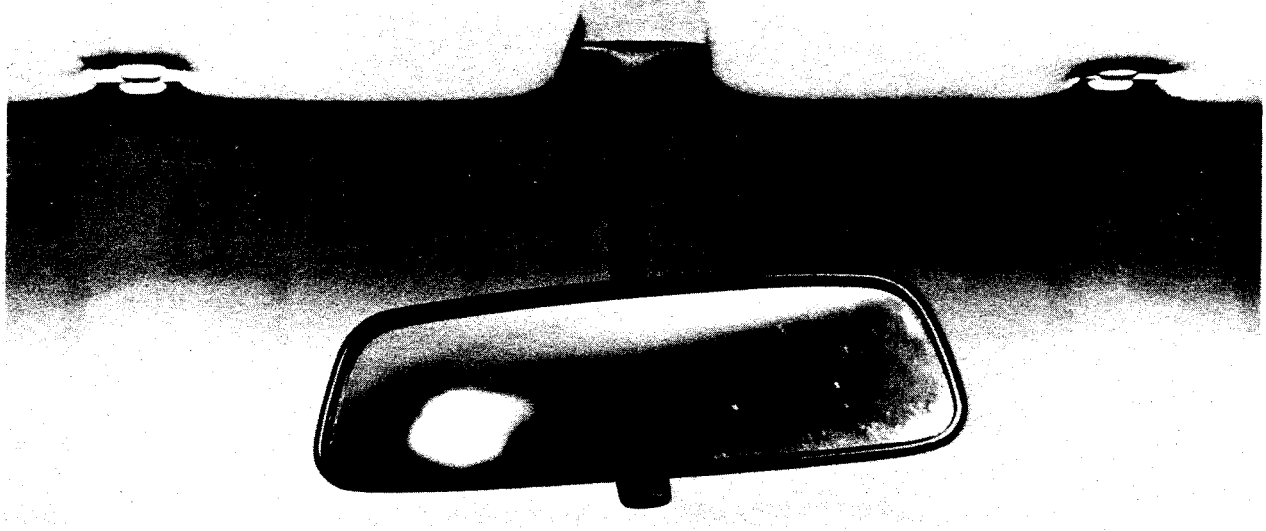

We hope this manual will be of help to you, and encourage comments or suggestions. Should you have any such comments, need assistance or clarification, or need additional copies of this manual, please contact the Environmental Engineering Department at Telephone No. 201-573-2059.

Note: "U.S." refers to U.S. models
"E.C.E." refers to European models

Issued: July 1985
Revised: September 1989
