ORIGINAL

Subject: Vehicle Identification Numbering For 1991 Model Year

Oshkosh Truck, Chassis Division, has changed the vehicle model year identification digit within the VIN number. The model year identification digit is located in the 10th position within the VIN. It will be changed to the character "M" which designates 1991 model year (See Below). This change is effective for the Entry (L) Line, Mid (M) Line, and the High (V) Line. The M-Line model year change was effective as of August 6th 1990. The V&L-Line model year change will take place on September 1st 1990. All Certificates of Conformity (EPA) and Executive Orders (CARB) have been attained for the chassis utilizing gasoline engines.

VIN coding 1991 M, V, & L-Line
