Attention: VIN Co-ordinator

Dear Sir,

## REVISIONS TO VEHICLE IDENTIFICATION NUMBER CODING FOR ROLLS-ROYCE AND BENTLEY CARS

Some additions to our vehicle identification number (VIN) coding are being introduced during 1992 to accommodate additional vehicle variants that are planned to be introduced.

The additions are as follows:-

additional letters will be used in position 5 of the VIN to enable unique identification of our new vehicle variants. The letter 'W' will be used to identify a new Rolls-Royce Silver Spur II Limousine model and 'B' to identify a new two door coupé based on the Bentley Turbo R.

For information, the following examples of 1992 model prefixes are provided:-

Rolls-Royce Silver Spur II (fitted with driver's airbag and standard engine)	SCAZN02D(x)NCX
--	----------------

Bentley Turbo R (fitted with driver's airbag and higher power output engine)	SCBZR03D(x)NCX
---	----------------

(x) - check sum digit

No other changes are being made to our VIN coding at this time.

Yours faithfully,

*Graham Starling*
