**ORIGINAL**

Good Morning:

We will begin manufacturing a new trailer model very soon. The attributes of the trailer will be identified as follows in the second section of 17 digit VIN:

TP18                      Second Section                      0000C

The second section character will describe the following:

Series	Type of Bed	Length	Axle Configuration
TP18	Flat bed btwn wheel	16'	2 axle single wheel

I am also including a record of the Manufacturer's statement to comply with part 566 Docket at NHTSA. It includes the addition of the above mentioned trailer, as well as deletion of four (4) trailers we are no longer manufacturing.

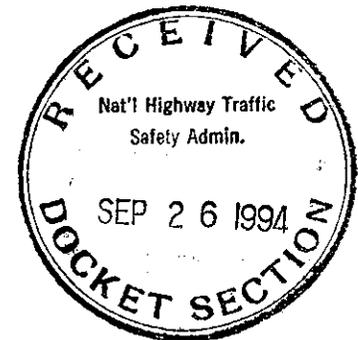

If you have any questions, please contact me.

Sincerely,

THE CHARLES MACHINE WORKS, INC.
