The single vin letters that have been assigned will appear in the fourth position. The remaining letters will be assigned at a later date as needed. If additional letter assignment is required beyond the twenty-three available single letters, all possible combinations of any two letters will be assigned.

EX: AA, AB, AC ..., BA, BB, BC...etc.

Until letter combinations are required, the fifth character will remain zero.

ELEVENTH CHARACTER OF VIN:

The eleventh character represents state and city of manufactured product.

- 1) C = California, City of Industry
- 2) W= Wisconsin, Brillion

TWELFTH CHARACTER OF VIN:

The twelfth character at this time will remain as (A), common to all models until further coding is required.
