RE: VIN Application

Gentlemen:

It is our sincere hope that your requirements have been deciphered correctly and with this information, we may begin assigning a VIN to any type trailer as identified herein. We understand that we cannot assign a VIN number for a minimum of 60 days from your receipt of submissions unless we are notified otherwise.

The SAE has assigned characters 1,2,3 as: 1 W 9 - 12,13,14 as: 0 6 8. Our assignment to characters 4 & 5 are as follows:

<u>Character 4</u>		<u>Character 5</u>	
Gooseneck	G = 7	Flatbed	F = 6
Bumper Pull	B = 2	Stock	S = 2
Fifth Wheel	F = 6	Utility	U = 4
Pintle	P = 7	Enclosed	E = 5

We also understand that should we require additional coding, notification/amendment must be sent accordingly.

Attached is a copy of our "Check Digit Calculation" sheet.

You will note that our letterhead address is different than the address of record, namely: 10970 Highway 1676; Science Hill, Kentucky 42553. Our location is the same, the change is attributable to U.S. Post Office changes.

Hopefully the above/attached includes all necessary information. Thank you.

Very truly yours,

Russell W. Wesley  
President
