A sample 17 digit VIN number for Woodworth Mfg. is as follows

1W9FU1821RC206002 ✓

**ORIGINAL**

The code numbers would be 8 42 54 30 16 3 16 20 81 24 14 0

30 0 0 4 with the sum being 342 and the check number 1

1 p.

The F stands for flatbed the U for Utility R is 1994 C stands for Chillicothe, it being the location 206 was assigned to us and the 002 is the second trailer made

I am using the example in the pamphlet as my codes.

In my example the 18 would be the length and the 2 would mean it's a 2 axle trailer.

I hope this is a satisfactory example and explains what I am doing for Serial Numbers.

Thank you.

Woodworth Mfg.  
R.R.#4 Box 206  
Chillicothe, Mo. 64601

816-646-5070 or 816-646-0445
