We are updating our VIN numbers and adding four new models. The new models are in position four -

- Model P 490 CCKS
- Model R 490 CCES
- Model S 490 DSKS
- Model T 490 DSES

Position five will also have an addition -

6 = 490CC

I hope this is satisfactory.

Thank you very much,

*Marie*

Dear Penelope:

In reviewing all this I found I needed to add two more models after the FAX I sent you on 6-28-94. They are Models U & V. There is also an addition to Position Five #7.

On Position 6 & 7 I changed the name of the first one from DP = Dual Purpose to DS = Dual Sport. This is on the 1995 models only. I hope this is okay - If not let me know right away. This is the best description we can give you on our motorcycles.

Thanks
