Attention: VIN Coordinator, Patty  
Gardner

2p.

Dear Patty Gardner,

This letter is concerning a call I made on July 12, 1993. I called and received the assignment of a World Manufacturer (Maker) Identifier Code as Landry's Welding. I am just now sending back the two submissions you have requested. The only difference is that now, recently, I have opened my business under the name of Landry's Welding & Trailers, Inc.

Enclosed is a sample and codes used in the VIN scheme that I will be using for my trailers being built. I am only a small business getting started. If I have any changes in the type of trailers I build, I will inform you immediately.

Sincerely,

*Kenneth Landry*

Kenneth Landry

*President*
