re: Vehicle Identification Number

Dear Penelope;

Nicholson Equipment ceased manufacturing chassis on January 1, 1993. There was some confusion regarding technicalities of getting VIN's changed.

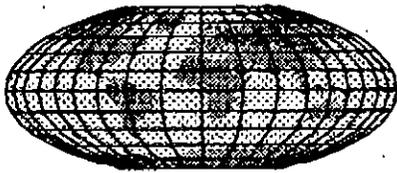

Until July 1994 manufacturing date the VIN's was still 1N9***RM023***. In August 1994 Motorized Manufacturing obtained the VIN 1M9***RM082***. Please keep this notation for your records. Thank you.

Sincerely,

Joyce L. Nicholson
