ORIGINAL

08/22/94

To Whom it may Concern,

Please allow me to explain the problems with not getting this back to you in a more timely fashion.

Enclosed please find the information required sent to your office. This was originally requested under the name of Pride and Power, 7612 Broadway, Lemon Grove, Ca 91945. The person, Maria Gore, who requested the VIN requirements is being charged with felony theft and embezzlement. I, Donald Bittman, am the owner of Illusion Motorcycle Company of America and Pride and Power, Inc. and am following up with this file.

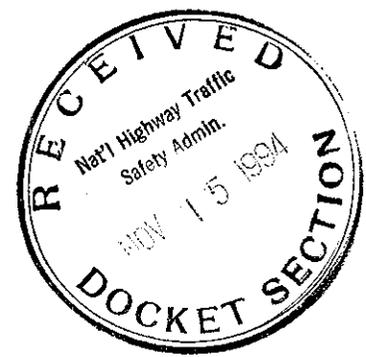

The State of California lost all of the original paperwork that was submitted back in January and I had to call both of the California Senators to get the mess straightened out. Finally, only a few weeks ago, the situation was resolved and a manufacturers license was issued. Please see copy enclosed. The California Department of Motor Vehicles requested that the two companies be separated and not do business as a DBA. So, this was accomplished as the enclosed forms show and the I think all of this is in order. If not, please let me know what else you require to finalize this VIN verification.

The manufacturer of the motorcycle is 'The Illusion Motorcycle Company of America' and Pride and Power is the California dealer.

Please feel free to call or fax me at any time.

Donald Bittman, President
Illusion M/C of America

VEHICLE IDENTIFICATION NUMBER (V.I.N.)

The 17 digit serial number is stamped on the frame fork head and on the front lower left frame downtube. In many cases, the frame will have an additional serial number stamped in the same area on the neck of the frame. The engine will, in most cases, have its own serial number stamped on it from the original manufacturer of the engine case.

DIMENSIONS: (Inches)

- Wheel Base.....68 inches
- Overall Length.....
- Overall Width.....28 inches
- Overall Height.....49 inches
- Seat Height.....26 inches
