Subject: Trailers with Incorrect VINs

This is to confirm that the National Highway Traffic Safety Administration (NHTSA) has received a letter dated December 22, 2009 from Ms. Teresa Mooney, owner of Trailer FX Custom Mfg, notifying the agency that the company has sold two trailers with incorrect VINs to Timberking, Inc. That company, in turn, sold the trailers to customers in Canada. One of the trailers has the original VIN 1T9BS29119X934002. That VIN should properly read 1T9BS29139X934002. The other trailer has the original VIN 1T9BS29119X934003. That VIN should properly read 1T9BS29159X934003.

NHTSA will add this information to its VIN database.
