RE: Recertification of Trucks

Dear Mr. Coleman,

April 1, 2006

Midway Service Inc, located in North Branford, CT, has been in the business of outfitting new chassis for dump bodies and wrecker bodies since 1960. This includes lift and /or tag axle installation. We are the distributors for several dump body manufacturing companies.

Alteration of previously certified motor vehicles is also done at this location. We comply with all of the FMVSS regulations.

Coachworks of Ct and Midway Service Inc are owned by Oliver W. Helmrich. The business started on June 21, 1960. We previously held Ct MFG License #MFG15 as a final stage manufacturer.

Yours Truly,

Oliver W. Helmrich
