RE: Additional Product Offerings

Dear Traffic Safety Administrators:

This letter is to serve as notice that our company has added models to our product line that increase the maximum GVWR range of our installations to 26,000lbs to 58,000 lbs.

Principal Owner of the Company is: Joseph D. Simons

City of Incorporation: UP-N-ATOM Inc. is incorporated as a Subchapter S
Corporation in Waukesha, Wisconsin

Our full name is: UP-N-ATOM Inc.
21675-B Doral Road
Waukesha, WI 53186

We are an intermediate and final stage manufacturer engaging in design, manufacture and installation of truck bodies on purchased truck Chassis-Cabs for use in the transportation of machinery, automobiles and trucks. Our completed vehicles range from 26,000 lb to 58,000 lb GVW.

If you require any further information please contact us.

Very Truly Yours

Joseph D. Simons
President
