Message

Lawrence,

I have completed Part 566 and have attached the sheets with this fax. Please look this over and let me know if everything looks good to you. If so, I will mail this out. I have included the email you sent to John Skelton.

Regards,

Rob Froelich

Subject: NHTSA Manufacturer database update procedure

Dear Mr. John Skelton,

Here is the web link to vehicle manufacturer's information that NYS is probably using:
<http://www.nhtsa.dot.gov/cars/rules/manufacture/>

To update this database, you must file information as per CFR 49, Part 566. CFR 49, Part 566 is attached and can also be found at the following link:
http://www.access.gpo.gov/nara/cfr/waisidx_06/49cfr566_06.html

Just follow the reporting instructions in Part 566. On your company letterhead, supply the information required in Section 566.4 Paragraphs (a) through (c). Address the letter to Administrator, National Highway Traffic Safety Administration and send it to the following address (note that our address has changed, please send it to the address below not to the address in the CFR):

Administrator
National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE
Washington, DC 20590

Most manufacturers just repeat paragraphs (a) through (c) in their letter and follow each paragraph with the required information. If you fax a copy of the letter to me (this is in addition to the original which you need to send to the administrator) I can hand deliver it to our Import and Certification Division so they can update the database faster. My fax number is 202-366-5930.

If you have any questions, please contact me.

Thank you,

Lawrence Q. Valvo
