CHAS. E. GROSS
SECRETARY-TREASURER

February 9, 1972

Administrator
National Highway Traffic Safety Administration
400 Seventh Street, S.W.
Washington, D.C. 20590

Gentlemen:

The following information is submitted in compliance with Part 566, Title 49 CFR. We were unable to submit the information by February first, due to an unanticipated delay in compiling the GVWR ranges of vehicles where we are the final-stage manufacturer.

(a), (b): Full corporate names, residence addresses, and states of incorporation:

Challenge-Cook Bros., Incorporated
15421 East Gale Avenue
Industry, California 91745
Incorporated: California
(above is corporate headquarters)

Challenge-Cook Bros. of Ohio, Inc.
720 East Perry Street
Bryan, Ohio 43506
Incorporated: Ohio

(c) Description of Vehicles Manufactured:

Trucks: Concrete Mixers with GVWR from 40,000 to 90,000 pounds. Final-stage manufacturer -- manufacture mixer and mount on a bare chassis.

Trucks: Concrete Mixers with Boost-A-Load trailer attachment, with GVWR from 60,000 to 80,000 pounds. Final-stage manufacturer - manufacture mixer and trailer attachment and mount on a bare chassis.

FEB 15 1972

- Trucks: Concrete Pumps with GVWR from 13,000 to 25,000 pounds. Final-Stage manufacturer -- manufacture pump and mount on a bare chassis.
- Trucks: End-Dump Haulers with GVWR from 40,000 to 60,000 pounds. Final-stage manufacturer -- manufacture dump body and hoist and mount on a bare chassis.
- Trailers: Concrete Mixer on Semi-Trailer with GVWR from 60,000 to 70,000 pounds.
- Trailers: Concrete Pumps on Pull-Trailers with GVWR from 1,500 to 19,000 pounds.
- Trailers: High Pressure Cleaners - Hydraulic Sandblasters on Pull-Trailers with GVWR from 800 to 6,000 pounds.
- Trailers: Bottom-Dump Semi-Trailer Haulers, with GVWR from 30,000 to 105,000 pounds.
- Trailers: Bottom-Dump Pull-Trailer Haulers with GVWR from 30,000 to 44,000 pounds.
- Trailers: End-Dump Pull-Trailer Haulers with GVWR from 30,000 to 50,000 pounds.
- Trailers: End-Dump Semi-Trailer Haulers with GVWR from 50,000 to 70,000 pounds.

NOTE: In some instances, the approximate maximum GVWR shown will apply to off-highway operation.

Very truly yours,

CHALLENGE-COOK BROS., INCORPORATED

Chas. E. Cross
Secretary-Treasurer
