Dear sirs:

We were invited to attend a meeting sponsored by the Truck Body and Equipment Association in our area. We accepted the invitation and at this meeting were made aware of the Manufacturer Identification Registration Report requirement and also the Quarterly Production Report of Vehicles Produced or Imported.

We are enclosing our first reports with the information that is called for in Title 49, Part 566.

We are sorry we were not aware of this requirement so our reports could have been mailed in on time.

If there are any questions or suggestions regarding our reports please let us know.

Very truly yours,

CALAVAR CORPORATION,

Wylie C. Buettner,
Director of Quality Control.

Subject: Manufacturer Identification, Part 566, Chapter 5, Title 49

Gentlemen:

Corporate Name: Calavar Corporation
13750 East Firestone Boulevard
Santa Fe Springs, California 90670

Incorporated: State of California

We are a final stage manufacturer of trucks and trailers. We install various types of equipment such as personnel aerial lifts, underground cable pulling devices, tool bodies, cranes and derricks. The Gross Vehicle Weight could range from 4,000 pounds to 100,000 pounds.

We have built several aerial lifts as fire fighting and rescue equipment. Other such lifts are used for electric transmission line construction and maintenance, airline hanger maintenance, maintenance of C5A aircraft by the Air Force, general construction, etc.

Very truly yours,

CALAVAR CORPORATION
